

Some Placenames of County Limerick, taken from maps, leases etc. in Limerick City Museum and Archives, which are not townland names.

Some of the denominations listed also appear as units in the Civil Survey of 1654 and where this has been noted there is a reference, e.g. CS388 to that work. PRONI refers to maps of the Kenmare Estate of which the museum holds digital copies obtained from the Public Record Office of N. Ireland.
