

## COUNCIL MEETING TO BE HELD ON MONDAY MARCH 27TH 2017

### Notice of Motion submitted by Councillor K. Sheahan

I will move at the next Meeting that Limerick City and County Council actively promote the use of the landbank at Askeaton with a view to enticing a suitable industry to locate at this site.

### REPLY:

The Askeaton land bank (200acres approx.) is in the ownership of the Shannon Group and it is zoned for industrial use. It also identified as one of six strategic sites suitable for industrial development in the SIFP for the Shannon Estuary. The land bank is included in all promotional & marketing material issued by LCCC, Shannon Foynes Port Company, SIFP stakeholders as a location for investment and development. The Council continues to work with the Shannon Group, the IDA and other interested groups regarding the identification of suitable projects for the site.
