QUESTIONS

Questions submitted by Councillor A. Teskey

9. I will ask at the next Meeting approximately how much it costs to maintain the park in Adare on an annual basis and how much funding is available for the park for the remainder of this year.
10. I will ask at the next Meeting for the Council to bring forward the date for the cutting of hedgerow's on public roads in the district.

NOTICES OF MOTION

Notice of Motion submitted by Councillor R. O'Donoghue

11. I will move at the next Meeting that adequate funding be provided by Limerick City and County Council in order that basic road maintenance standards can be achieved in the interest of public health and safety. As the Department is the sole beneficiary from Motor Tax we must give safe passage to and from our schools, workplaces and for agricultural contractors to carry out their works safely. I will move also that a schedule be agreed, without delay, for roadside hedgerow cutting, Phase 1 of which must be school bus routes so that we are ready for September.

Notices of Motion submitted by Councillor S. Keary

12. I will move at the next Meeting that the Department of Transport carry out an immediate investigation into the Part 8 Planning Application for Road Overlay Works in Adare Village which are about to commence without due consideration being given for the inclusion of a foul sewer to serve adjacent lands and which will, if omitted on this occasion, necessitate the re- excavation of this stretch of road at a conservative cost of €1,000,000.00 to the hard pressed tax payer and cause months of repeated traffic flow disruption
13. I will move at the next Meeting that Limerick City and County Council immediately exercise their powers and prevent illegal trading taking place from unauthorised premises that have been brought to their attention in recent months.

14. Correspondence
