ALL IRELAND - US  
SISTER CITIES  
MAYOR'S SUMMIT

DUBLIN IRELAND  
21-24 APRIL, 2016

US Sister Cities Mayors Summit Cloke Park  
Dublin. Invitation for all Cities within  
Ireland and abroad to build on the  
close cultural, economic and personal  
links made through the Sister City  
Mayors summit. The summit was born  
from the relationship between the cities of  
San Jose & Dublin twinning. As a result  
hundreds of cities across the world  
have been inspired by what the sister  
cities have generated. This weekend summit  
was about gathering friendships, sharing ideas  
and seeing at first hand how each  
city as a result of being twinned can  
benefit every other economically, education  
wise, tourism wise. The summit offers  
opportunities to explore our horizons, to  
plan and commit to more  
adventures together. The attendees are good  
at reflecting, debating and then making  
the right decisions as opposed to just jumping  
right in. I learned from this summit that our  
future will be shaped by the actions of those who live  
locally and choose to act and think globally.  
It's great to see a small island like Ireland having  
~~so~~ towns cities twinned with a global giant - U.S.A.  
This was a huge success, friendships forged, collaboration  
renewed, projects agreed & delivered hopefully.  
Seán Lynny Clarke.

Summary of Conference Content

Sister Cities Summit was a gathering of friendship and collaborative projects, began well before the Summit. Participants travelled first to their own Sister City before coming to Dublin. The Summit provides an opportunity to reflect the Club the years of partnership, offers an opportunity to explore horizons to plan and commit to more adventures, time to look back and determine where we wish to go on together.
