f: +353 (0) 61 415 266

To: The Mayor and Each Member of Limerick City and County Council

DRAFT POLLING SCHEME 2015

A Chomhairleoir, a chara,

I wish to refer to the Electoral (Amendment) (Dáil Constituencies) Act, 2013, which provided for changes to the arrangement of constituencies in Limerick following on from the Constituency Commission Report 2012.

As you will be aware, the Constituency Commission Report provided that Limerick should remain a three-seat constituency to be called Limerick County and that the Limerick City constituency should remain a four-seat constituency.

I attach extract from the Report which sets out details of the changes in this instance.

As a result of these changes and following on from the establishment of Limerick City and County Council, it is now necessary to prepare a new Polling Scheme dividing the area into Polling Districts for the purposes of Dáil Elections and Local Elections and appointing a polling place for each Polling District.

The Electoral (Polling Schemes) Regulations, 2005, set out the procedure to be followed in the preparation of such a scheme. Before making a scheme, the Local Authority 'shall prepare a draft scheme and shall send a copy of the draft scheme, together with a summary of any changes proposed, to each Returning Officer, Local Authority, and member of Dáil Éireann for the constituency or constituencies to which the draft scheme relates, together with a statement that the Authority will consider any proposals for alterations in the draft scheme notified to it within 5 weeks from the day on which such copy is sent.' There is also a requirement to give public notice of the draft scheme, again allowing a 5 week period for any submissions in relation to the draft scheme.

On the expiration of the 5 week periods, 'the Authority shall consider any proposals for alterations notified to them or any representations made to them in accordance with Articles 4(1)(a) and 4(1)(b) and may then make the scheme in accordance with the draft scheme or with such amendments of the draft scheme as they consider proper.'

I now attach a copy of the draft Polling Scheme (plus maps) and a summary list of all proposed changes for your attention.

I also attach copy of advertisement which will appear in the Limerick Leader, Limerick Post, Vale Star, and Observer week ended 11th July, 2015. This refers to the Draft Polling Scheme 2015 and includes all the changes arising out of the Constituency Commission Report 2012.

This matter will be included as an item for consideration at the Metropolitan District and Municipal District Monthly Meetings to be held in July.

Staff from the Corporate Services Section will be in attendance on the day to explain the changes proposed and deal with any queries arising.

The final date for receipt of submissions is Friday, 14th August, 2015, at 5pm.

If you have any additional queries in relation to this matter, please contact Norah O'Connor, Staff Officer, Corporate Services at 061-407414 or e-mail norah.oconnor@limerick.ie

Is mise le meas,

**Christy O'Connor,
SEO – Corporate Services.**

Public Notice

NOTICE OF INTENTION TO PREPARE REVISED POLLING SCHEME FOR LIMERICK CITY AND COUNTY

In accordance with the 1992 Electoral Act, as amended, and Electoral [Polling Scheme] Regulations 2005; Notice is hereby given of the preparation of a Draft Polling Scheme for Limerick City and County. Copies of the Draft Scheme are available for public inspection at Limerick City and County Councils Offices at **Dooradoyle, Merchants Quay, Newcastle West, Kilmallock, and Rathkeale** from Monday 13th July 2015 to Friday 14th August 2015, **and at each Branch Library during normal opening hours.**

Limerick City and County Council will consider representations to the Draft Scheme made on or before **5.00 p.m. on Friday 14th August, 2015.**

Limerick City and County Council
Merchants Quay,
Limerick.
Telephone (061) 407150

5.5 Kerry — Limerick area

The total population of the four Kerry and Limerick constituencies, at 343,171, is equivalent to an allocation of 12 seats in a 158 member Dáil. As the area currently has an allocation of 13 seats a reduction of 1 seat is necessary.

In considering recommendations for Dáil constituencies in the area and where this seat reduction might be made the Commission had regard to submissions made and to population changes in the area.

The submissions received by the Commission were almost evenly divided between those recommending that the existing arrangement of 3 and 4-seat constituencies be maintained and those recommending constituencies based on county boundaries.

The overall population increase in the area between 2006 and 2011, at 4.2%, was almost half the national average of 8.2%. The highest population increase (8.5%) in the Limerick constituency was above the national average. The lowest increase (1.6%) was in the Limerick City constituency.

Having regard to the considerations above and to its terms of reference the Commission makes the following recommendations for the arrangement of constituencies in the area:

Kerry

The county of Kerry, having a population of 145,502, should form a 5-seat constituency.

Limerick County

The Limerick part of the Kerry North-West Limerick constituency should be transferred to the Limerick constituency thereby removing the breach of the county boundary. The 18 electoral divisions, with a population of 13,352, added to the 81,679 population of the existing Limerick constituency provides for a variance of +9.08% in this constituency. The existing Limerick City constituency in a 158 member Dáil, with a population of 102,638 has a variance of -11.64%. It is therefore necessary to make adjustments between these two constituencies.

The Commission recommends that population of 11,197, in 10 of the 19 electoral divisions transferred in the 2009 revision, should be moved back into the Limerick City constituency and that Limerick should remain a 3-seat constituency to be called Limerick County.

Limerick City

The Limerick City constituency, with the addition of population of 11,197 from Limerick, should remain a 4-seat constituency.

Details of the transfers are given in Appendix 3. The following table sets out the relevant statistics for the recommended constituencies in Kerry and Limerick.

CONSTITUENCY COMMISSION REPORT 2012

Recommended Constituency	Number of TDs	2011 Population	Population per TD	Variance from National Average Population per TD (29,040)	
				Number	%
Kerry	5	145,502	29,100	+60	+0.21
Limerick City	4	113,835	28,459	-581	-2.00
Limerick County	3	83,834	27,945	-1,095	-3.77

The recommended Limerick City and Limerick County constituencies are shown on Maps 11 and 12 on pages 39 and 40. The Kerry constituency is shown in Map 1 on page 8 and in the large map of Ireland in the pouch at the back of the report.

5. Kerry — Limerick area

Electoral Division	2011 Population
