Dear Councillors,

Thank you for your email regarding an update on the provision of a new Sewerage Treatment Plant in Askeaton, Co. Limerick.

As previously advised, designers have been engaged on the progression of the Askeaton Sewerage Scheme Upgrade. Work has been on-going since 2015.

The review report has been completed in line with the programme as advised previously, however, at the moment we would not be in a position to provide further updates or give a timescale for implementation by the 12th of July deadline date below.

Thank you for contacting Irish Water, if you have any further queries please do not hesitate to contact us again.

Yours sincerely,

Louise Hegarty

Dear Councillors,

In response to your query regarding the Askeaton Sewerage Scheme upgrade.

Consulting Engineers have been engaged on progressing the Work to date has involved a review of previous studies / reports completed for the Askeaton Scheme, and development of options for the scheme. The review report considering the options for the project has now been completed in draft form and submitted to Irish Water. This options report will be subject to review by Irish Water over the next month and will be finalised in early Quarter 3 2016.

Should you have any further queries please do not hesitate to contact us.

Yours sincerely,

Dear Councillors,

I refer to your recent email regarding the progress updates for the new Sewerage Treatment Plant in Askeaton.

We apologise for the delay in responding to your query.

The design for the upgrade of the sewerage systems in both Askeaton and Dromcollogher are being advanced through preliminary design at the moment.

I trust this addresses your query. Further update will issue once the preliminary design has been completed.

Yours sincerely,

Keke Moleli

Dear Councillors,

I am emailing you in relation to a motion you recently submitted on behalf of Limerick County Council regarding the provision of a new Sewage Treatment Plant in Askeaton.

We have received an update today which stated that Consulting Engineers have been appointed by Irish Water to advance the design of Askeaton Sewerage Scheme and initial meetings have already taken place to consider the progress of the project.

We trust you will find this information helpful, if you have any further queries please do not hesitate to contact us again.

Yours sincerely,
