

LIMERICK CITY AND COUNTY COUNCIL
MUNICIPAL DISTRICT OF CAPPAMORE-KILMALLOCK

MEETING TO BE HELD ON THURSDAY 21st SEPTEMBER 2017

Question submitted by Councillor G. Mitchell

I will ask at the next Meeting what is the present update on taking-in-charge of Cluain Foinse Estate in Hospital by Limerick City and County Council.

REPLY:

A contractor has been appointed to carry out remedial works to the estate. Works will consist of completing roads, footpaths, sewer and water systems. Public lighting has been upgraded and connected.

Barry Murphy,
A/Senior Executive Engineer.

MEETING TO BE HELD ON THURSDAY 21st SEPTEMBER 2017

Question submitted by Councillor G. Mitchell

I will ask at the next Meeting, with regard to the lights that are being presently upgraded in Hospital, when will the works be fully completed; can new lights be installed at the bridge outside the funeral parlour and on the approach roads; has a survey been carried out and, if so, what are the details.

REPLY:

The second phase of upgrading existing public lighting will commence shortly. The second phase consists of upgrading public lighting along the northern and southern extremities of Hospital village. This will include the bridge outside the funeral parlour and the approach roads. Additionally, public lighting improvements along the Bruff, Knockainey and Emily Roads will be included in phase 2.

Barry Murphy,
A/Senior Executive Engineer.

MEETING TO BE HELD ON THURSDAY 21st SEPTEMBER 2017

Question submitted by Councillor M. Donegan

I will ask at the next Meeting for an update on the current roadworks in Elton.

REPLY:

(Reply received from Triona Heffernan, Regional Manager of Iarnród Éireann)

Irish Rail is installing precast concrete units and a traffic barrier system on both approaches to railway bridge OBC283 at Elton, which requires extensive excavations on both approaches. This work is contracted to John Cradock Ltd., who commenced on site on Tuesday, 5th September, and the approximate duration for the works is 4 to 6 weeks. This work is safety-critical for both public road users and Irish Rail.
