Re: Traffic Calming at Kilcornan

A Chomhairleoir, a chara,

Limerick City and County Council met with Transport Infrastructure Ireland (TII) in mid October and were requested to carry out further modifications to the design of the traffic calming scheme. These modifications are currently being carried out along with a revised cost estimate. A revised feasibility report to include the modifications and revised cost estimate will be submitted to TII this Friday, 1st December. It should be noted that at the last meeting between Limerick City and County Council and TII, they agreed in principle to the scheme being progressed to construction.

Is mise le meas,

**Trevor McKechnie
Senior Executive Engineer
