

LIMERICK CITY AND COUNTY COUNCIL
MUNICIPAL DISTRICT OF NEWCASTLE WEST
MEETING TO BE HELD ON WEDNESDAY 13th DECEMBER,
2017

Question submitted by Councillor L. Galvin

I will ask at the next meeting for an update on the installation of a street light at Maple Grove Templeglantine (from the n21 to the entrance to the estate)

REPLY:

There are 3 lights required with 100m of ducting through macadam/footpath at this location and installation costs would be approximately €15,000.

The Public Lighting Department will look at installing lights along this section of road subject to funding becoming available.

Kieran Fitzgerald,
Operation & Maintenance

8th December, 2017

LIMERICK CITY AND COUNTY COUNCIL
MUNICIPAL DISTRICT OF NEWCASTLE WEST
MEETING TO BE HELD ON WEDNESDAY 13th DECEMBER,
2017

Question submitted by Councillor L. Galvin

I will ask at the next meeting for an update on the bridge at Coole Athea

REPLY:

Minor repair works have recently been completed on this bridge. The widening of the bridge could be considered for inclusion in the Bridge Rehabilitation Programme 2018.

LIMERICK CITY AND COUNTY COUNCIL
MUNICIPAL DISTRICT OF New Castle West

MEETING TO BE HELD ON WEDNESDAY, 13TH December 2017

Question Submitted by Councillor L. Galvin

I will ask at the next Meeting for an update on the repair to the sewage plant boundary fence in Tournafulla (Sean Scanlon's land)

REPLY:

Irish Water has approved new fencing for Tournafulla Waste Water Treatment Plant No. 1 (West). Limerick City & County Council Water Services staff are liaising the with Irish Water Site Security team in order to complete the procurement process on this project. The elected Members will be updated when contractor has been appointed.

C. Curley
C. Curley,
Director of Services

LIMERICK CITY AND COUNTY COUNCIL
MUNICIPAL DISTRICT OF NEWCASTLE WEST
MEETING TO BE HELD ON WEDNESDAY 13th DECEMBER,
2017

Question submitted by Councillor L. Galvin

I will ask at the next meeting that the TII be contacted regarding water flowing in off the road to the school play ground in Templeglantine since the road layout was completed.

REPLY:

A site inspection was carried out at this location and it appears that water was flowing from private lands onto the roadway and then into the school playground. Drainage works have been carried out at this location to prevent this from re occurring. The location will also be monitored to ensure that these works have resolved this matter.
