

# The Air Pollution Act, 1987

## Application for an Air Emissions Licence

Section 1A - Site Details			
Company			
Trading As			
CRO Number	See Notes no. 1 and 2		
Site Address	Line 1		
	Line 2		
	Line 3		
	Line 4		
	Post Code		
Irish Grid Ref.	Easting		Northing
Contact No.		E-mail Address	
Section 1B - Agent/Applicant/Consultant Details			
Name			
Company			
Postal Address	Line 1		
	Line 2		
	Line 3		
	Line 4		
	Post Code		
Contact No.		E-mail Address	
Signature _____ Date _____			
Section 1C - For Office Use Only			
Date Received		Signature	
Date Validated		Signature	
Reference No.			

## **Section 2 - Process Description**

General Description of the process or activities giving rise to the emission(s)

Details and location of all emission points (Plans, to scale 1:500, indicating the premises, source of emissions and all apparatus or plant from which the emissions are to be made must accompany this application form (4 Copies))

## **Section 3 - Proposed Monitoring Regime**

Details of proposed provisions for monitoring of all emission(s) including details of frequency and methods used:

Section 4 - General Emission Parameters			
Expected Commencement date			
Volumes	Daily Average		m <sup>3</sup> /day
	Daily Maximum		m <sup>3</sup>
	Hourly Maximum		m <sup>3</sup>
Temperature Range			
Time Ranges	Mondays to Fridays		
	Saturdays		
	Sundays		
Variations (if any)			

Section 5 - Air Monitoring (Prior to Emission)	
Details of any ambient air monitoring carried out in the vicinity of premises (Attach all results and plans):	

Section 6 - Dispersion Modelling	
Details of any dispersion modelling carried out in the vicinity of premises (Attach all results and calculations)	

**Section 7 - Selection Criteria**

Reasons for selection of point(s) of emission, method of emission and method(s) of treatment:

**Section 8 - Current Treatment**

Particulars of treatment(s) currently being used or proposed methods of treatment. N.B. Best practicable means must be used.

**Section 9 - Accidental Emissions**

Details of any special arrangements to prevent accidental emission(s).

### Section 10 - Emission Characteristics

Complete for all applicable characteristics giving concentration ranges where available. Concentrations must be expressed in mg/m<sup>3</sup> where applicable.

The following list is indicative only – all other physical, chemical or other characteristics as are pertinent to the effluent in question should be specified.

Characteristic	Minimum	to	Maximum
Temperature °C		to	
SO <sub>2</sub>		to	
HCl		to	
NO (x)		to	
Dusts (specify each giving Composition, Toxicity and T.L.V.)		to	
Solvents (Specify Each) giving Toxicity and T.L.V.		to	
CS <sub>2</sub>		to	
H <sub>2</sub> S		to	
Cl <sub>2</sub>		to	
NH <sub>3</sub>		to	
CO		to	
Organohalogen compounds (Specify)		to	
Other Toxic substances (Specify)		to	
Other Carcinogenic, Teratogenic or Mutagenic Compounds to include suspect materials		to	
Metal #1		to	
Metal #2		to	
Metal #3		to	
Metal #4		to	
Metal #5		to	
Other #1		to	
Other #2		to	

Notes – The following are also required

1. If the applicant is an individual trading under some name, please forward a “Certificate of Registration of Trade Name”.
2. If the applicant is a limited liability company, please forward a copy “Certificate of Incorporation” and confirmation of the location of the registered office.
3. Four copies of each of the plans referred to in Section 2
4. An extract from the newspaper page containing the public notice. This shall be in the form set out hereunder:

<p style="text-align: center;">The Air Pollution Act, 1987 Licensing of Industrial Plant</p> <p style="text-align: center;">Notice is hereby given that I, <b>(Name of Applicant)</b> intend to apply to Limerick City &amp; County Council for a Licence to discharge <b>(description of emission)</b> arising from my premises at <b>(Name and Address of Premises, State Nature of Premises)</b> to the air at <b>(Name and Location)</b>. Date: <b>Day Month Year</b></p>
---

5. A period of more than two weeks shall not have elapsed between publication of the above notice and receipt of this application.
6. A fee of €126 shall be paid to Limerick City & County Council.
7. Licensing controls will apply to all processes and emissions within the entire plant, that is, all emissions to the atmosphere from the premises.
