Disposal of Disused Spring Well at Carrigeen, Croom

A Chomhairleoir, a chara,

The area of Carrigeen, Croom is connected to the Croom Public Water Supply since 2012. Mr. Bertie Reynolds has requested that the Council transfer at a nominal fee of €100.00, the previous water source which is located on his farm. (containing 126 metres sq.)

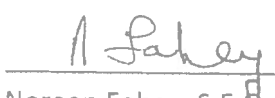

The well is no longer producing water and due to intermittent flooding, would be at risk of future contamination.

The elected members of the Municipal District of Adare – Rathkeale agreed to this disposal at their meeting of Wednesday 15<sup>th</sup> February 2017, however, it was incorrectly indicated to Members at that meeting that the site was 23 meters sq.

I propose to bring a section 183 resolution before a full Council Meeting, subject to your agreement.

Is mise le meas,
