Re: Pedestrian Controlled Crossing for Adare

A Chomhairleoir, a chara,

Central services propose to carry out pedestrian crossing counts in Adare in mid-march to coincide with the commencement of the tourist season. This is to ensure that we get a more accurate reflection of pedestrian numbers that cross the N21 in Adare. This information will then be used to compile a report on the replacement of the existing zebra crossing with traffic signals.

UPDATE

Traffic and pedestrian surveys have been completed. A feasibility report will be prepared in the coming weeks once staff resources become available.

Is mise le meas,
