Re: Traffic Calming at Kilcornan

A Chomhairleoir, a chara,

TII have allocated funding of €50,000 for Kilcornan for 2018. This funding will be used to procure a Consulting Engineer to carry out detailed design and prepare tender documents for the scheme once TII have approved the scheme in principle. TII's safety engineer has requested one final revision to the scheme LCCC had submitted. We are currently working on this revision and expect to submit it back to TII in the next two weeks. LCCC would hope to get formal approval soon thereafter to proceed to the next phase of detailed design and tender documents.

UPDATE

The revisions requested by TII have been completed and a revised feasibility report has been submitted to them for their approval. Limerick City and County Council will move the project onto Part 8 as soon as approval is received from TII.

Is mise le meas,

**Trevor McKechnie
Senior Executive Engineer
