Meeting of the Municipal District of Cappamore-Kilmallock
17th of May 2018

Question submitted by Councillor G Mitchell

I will ask at the next meeting what impact the new General Data Protection Regulations (GDPR) will have on CCTV monitoring proposals in the Municipal District Area.

Reply:

We are still awaiting legal advice on this issue. However, we are in the process of reviewing and updating our Data Protection Policy and the CCTV Policy to introduce enhanced controls and procedures in line with GDPR. We aim to have a full report at the next council meeting.

Meeting of the Municipal District of Cappamore-Kilmallock to be held on Thursday, 17th May 2018

Question Submitted By Cllr Gerald Mitchell

I will ask that some of the green margins be removed on local back and side roads to facilitate pedestrians, walkers, cyclists, vehicles and all road users to make them safer and fit for purpose.

Reply:

The replacement of existing green margins with a surface capable of facilitating pedestrians, cyclists and road vehicles is a major undertaking. The extended verges would need to be constructed to national roads standards and would require additional road sub-base and bituminous surfacing, drainage measures and white lining. The cost per linear metre of verge improvement would be high in comparison to full width road reconstruction.
