Smart City Expo World Congress in Barcelona

A Chomhairleoir, a chara,

An invitation has been received from the Mayor of Barcelona inviting the Mayor of the City and County of Limerick to the 8th edition of the Smart City Expo and World Congress which takes place from 13th to 15th November, 2018 in Barcelona.

This Expo is a referential global event to support the development of cities and is hosted by the City of Barcelona and organised by Fira Barcelona. Capitalising on the success of it's past editions, SCEWC reiterates it's commitment to the positive transformation of our cities. In this new edition, the event will reflect on what makes a city liveable and how sharing can transform the way it operates so that it can become more sustainable, resilient, inclusive and smarter with a focus on people and environmental wellbeing at the centre of urban development. It will reflect on how we can fight against phenomenon such as gentrification or climate change and the congestion of the public space.

The Exhibition will feature cities, countries, joint pavilions and organisations from all over the world coming together to showcase their projects, promote local and international companies, establish collaborations and tackle the urban challenges.

It is proposed that Mayor James Collins would attend both the Congress and Exhibition in Barcelona from 13th to 15th November, 2018.

In accordance with Section 142 (5) of the Local Government Act, 2001, as amended, the approval of the Council is hereby sought for this proposed attendance in Barcelona with an estimated cost of €1,000.00.

Is mise le meas,

James Clune
A/Senior Executive Officer
