Re: Traffic Calming at Kilcornan

A Chomhairleoir, a chara,

TII have allocated funding of €50,000 for Kilcornan for 2018. This funding will be used to procure a Consulting Engineer to carry out detailed design and prepare tender documents for the scheme once TII have approved the scheme in principle. TII's safety engineer has requested one final revision to the scheme LCCC had submitted. We are currently working on this revision and expect to submit it back to TII in the next two weeks. LCCC would hope to get formal approval soon thereafter to proceed to the next phase of detailed design and tender documents.

UPDATE

We are currently going to tender to procure Engineering Consultancy Services for the Detailed Design/Tender stage. A consultant should be appointed by the end of September. A Part 8 for the scheme as approved by TII will be advertised next month. Following completion of the Part 8, it is proposed to progress with the detailed design and tender documents. Construction would follow on in 2019 subject to funding being made available to Limerick City and County Council by TII.

Is mise le meas,

**Trevor McKechnie
Senior Executive Engineer
Operations & Maintenance Services
Service Operations
Limerick City & County Council**
