Samhain Festival – Limerick's first Halloween Festival

Limerick's first Samhain Festival took place this October from the 26 to 28 October. Samhain was historically the name of the feis or festival to herald a change in seasons. Created and delivered by Lumen Street Theatre this new festival has been supported by Limerick City and County Council through two different grants schemes; (i) a GMA Festivals and Events Grant in 2017 to develop the idea and (ii) a Festivals and Events Grant to bring it to fruition in 2018. Limerick City and County Council has also provided logistical support via the provision of space, road closures and operational support.

The programme consisted of three days of public talks, family friendly workshops, tours and a night swim all designed to celebrate, re-imagine and retell local Halloween stories through history, folklore and traditions.

The festival culminated with a light-filled lantern parade on Nicholas Street as The Bishop's Lady rose once again to roam the medieval streets of Limerick City, haunting all who gathered before her. An extensive outreach family focused programme was the central piece for the delivery and participation in the parade. Hundreds of people and visitors to the city gathered in a procession of light and dramatically lit up the river as the lanterns floated away, honouring the spirits of those who have passed.

The ethos of Lumen is eco-friendly and lanterns and puppets were constructed from biodegradable materials.
