

LIMERICK CITY AND COUNTY COUNCIL

MUNICIPAL DISTRICT OF NEWCASTLE WEST

MEETING TO BE HELD ON WEDNESDAY 3rd APRIL, 2019

Notice of Motion submitted by Councillor L. Galvin

I will move at the next Meeting that this local authority call on the Department of Housing, Planning and Local Government to fund the disposal of asbestos roofs where applicants qualify for grants under the Housing Aid for Older People Scheme

REPLY:

Under the Housing Aid for Older People Scheme grants for the upgrade works to roofs are available and asbestos roofs are not disqualified under the scheme. All types of roof repairs for the main dwelling house are covered however the maximum grant available under the scheme is €8,000 inclusive of VAT. If costings for the applicant are more substantial than this, it should be remembered that this grant scheme is to help towards the cost of works to the home to make it more habitable and may not cover the full costs of the works.

In terms of the notice to the Department of Housing, Planning and Local Government, a request to increase the grant for the disposal of asbestos could be recommended, but the grant available may not be increased.

MEETING TO BE HELD ON WEDNESDAY 3RD APRIL 2019

Notice of Motion submitted by Councillor M. Collins

I will move at the next Meeting that Limerick City and County Council request a safety audit to be carried out by the TII on the N21 junction at Coolanoran, Newcastle West, known as Sweeps Cross, to make it safer for road users.

REPLY:

Sweeps Cross was assessed a number of years ago and subsequently a system of right turn lanes were introduced. Central services will review accident records at the cross since these improvements were made and if accidents are still an issue, the junction will be reviewed to determine what further measures could be implemented.

It should be noted that there are a significant number of other junctions across the national road network that Central Services have scheduled for assessment also.

Is mise le meas,

Trevor McKechnie,
Senior Executive Engineer,
Central Services.
