Limerick Soldiers discharged from the East India Company's armies, 1820-61; taken from British Library, India Office Records L/MIL/10/301 and L/MIL/10/302.

© B. J. Hodkinson 2019

The following was compiled by B.J. Hodkinson between mid 2017 and mid 2018.

The list was compiled from scans made available by the Church of the Latter Day Saints (LDS film 1867204) at its Family History Centre in Dooradoyle, Limerick. My thanks to the Centre.

In the original document names are listed first by year, then by ship in order of arrival in England, then alphabetically. There is an alphabetical index at the very front giving page references for the names. After 1840 the years are written in the lists, but before that one has to glean the year from the index at the front. One of the index pages has not been photographed under letter C and covering the period 1827-1832, so the date range is given.

To determine where a soldier is originally from, cross reference with other East India Company listings on Limerick Museum website, where there are listings for all 3 presidences.

Abbreviations, by column;
1. Name
2. Rank. M-matross, G- gunner, B-Bombadier, S-Serjeant, SM-serjeant major, P-private. 12. Occupation prior to entering the service.
13, Reason for discharge and other useful information
14. Page in book
15. LDS image number. N.B they show double pages.

I have given both ref. nos. because there has been some double numbering of pages and occasionally the same page has been photographed twice. Some dates are broad e.g. 1827-32 because the page in the index has accidentally been missed.

? Denotes an uncertain reading. – denotes field is blank.

In 1861 the East India Company armies in each presidency were incorporated into her Majesty's Army. Some soldiers transferred to the new units, others elected to return home. The service records of those who opted to stay on in the Queen's Army are to be found in the War Office records.
For anyone wishing to research further into East India Company records, Peter Bailey's "**Researching Ancestors in the East India Company Armies**", Fibis Research Guide No 1, is an excellent introduction to the records. It gives the film number of the records filmed by the Church of the Latter Day Saints which are available to view at their Family History Centres.
