Re: Opera Site Planning Application, Limerick

Dear Sir/Madam,

Thank you for affording Irish Water the opportunity to comment on the above mentioned Strategic Infrastructure Development. Irish Water has reviewed the application documents and wishes to comment as outlined below.

Irish Water has no objection in principle subject to the requirements set out in the CoF. We would like to note that a Diversion agreement will be required for the proposed diversion of the brickwork culvert through the site.

With regard to possible diversions, a diversion agreement should be obtained through the Connection and Developer Services within Irish Water by emailing the details to diversions@water.ie.

For information on the location of Irish Water assets please send a query to datarequests@water.ie.

Any temporary connection throughout the construction phase is subject to a connection agreement with Irish Water.

Yours Sincerely,

Suzanne Dempsey
Spatial Planning Strategy Specialist
