Meeting of the Municipal District of Adare-Rathkeale
To be Held on 10th of September 2019

Question submitted by Councillor Adam Teskey

I will ask at the next Meeting to know are the legal cases surrounding the recording through the Council's CCTV deemed legal and are the cameras currently recording 24 hours a day.

Reply:

- The CCTV cameras are recoding 24 hours/day. The Smart CCTV project Wave 1 is in transition (test) status. The project will be maintained in this status until any recommendations in relation to GDPR that will come from the Data Protection Commissioner audit are fully implemented and until any technical issues including issues that may arise from Wave 2 of the project are ironed out.
