Councillors,

Five weeks gone and not one of you has had the courtesy to even acknowledge my email below let alone provide a considered response.

I wonder why you bother having an email address at all.

LOUGHILL N69 HEALTH AND SAFETY COMMITTEE:

29th October 2019.

Dear Councillors,

On behalf of the Loughill N69 Health and Safety Committee, representing the community of Loughill and wider area, we wish to put the following on record.

Our community does not wish to have any alterations made to the current road traffic speed limits in Loughill due to our safety concerns.

We respectfully request a meeting with the councillors, to bring our concerns in relation to the impending changes of speed limits in Loughill, to your attention at the next council meeting.

While we appreciate the constraints that the council may be under, we feel that the implementation of traffic calming measures are essential to secure the safety of the community. The use of our parish Church and playground places all of our community, both adults and children in jeopardy while accessing our village amenities.

We apologise for our late submission, but would respectfully request that no modifications to the current road speed signage be completed until the concerns of the local community are met with a satisfactory conclusion.

Kind Regards,

Loughill N69 Health and Safety Committee:
