Gordon

Sincere thanks from the committee of ACT for the excellent opportunity for to engage with the senior executives of the Council in relation to the 5-year Development Plan. The exercise is of great encouragement to our organisation and look forward to working with you in the future.

We now wish to move on and are anxious to meet with the Muncipal Area Councillors. Our decision is to meet outside of the formal meeting. Your advise on how best to handle this would be greatly appreciated.

Sincerely  
Dan Neville
