

METROPOLITAN DISTRICT OF LIMERICK

MEETING TO BE HELD ON 18TH JANUARY, 2021

Question submitted by Councillor S. Novak Uí Chonchúir

I will ask at the next meeting for the breakdown of works under the title of funding committed to 14/12/2020 for active travel improvements in Steamboat Quay (€141,266.67 of €200,000.00).

REPLY:

I refer to the above Question and the following outlines the works carried out at Steamboat Quay under the July Stimulus NTA schemes. Note that these works were carried out during Q4 2021 and will continue during week beginning 18th January 2021, weather permitting;

- Macadam overlay works and road lining
- Public lighting
- Bollard replacement
- Hardwood decking
- Drainage works

METROPOLITAN DISTRICT OF LIMERICK

MEETING TO BE HELD ON MONDAY 18th JANUARY 2021

Question submitted by Councillor E. O'Donovan

I will ask at the next meeting for the location of each public bin in Limerick City West Electoral Area.

REPLY:

The location of each litter bin in Limerick City is shown on the attached maps. A map of the location of bins in the Dooradoyle / Raheen / Mungret area will be provided in due course.

**Meeting of the Metropolitan District of Limerick
to be held on Monday, 18th January, 2021**

Question submitted by Councillor E. O'Donovan

I will ask at the next meeting for the evaluation, feedback and data collection that was carried out for the South Circular Road Covid-19 mobility plans that were implemented during July/August 2020.

Reply:

Limerick City and County Council placed a counter on S.C.R. near Mary I campus in order to count Pedestrians and cyclists during the traffic restriction measures implemented during summer 2020. Attached find daily figures of pedestrians/cyclists recorded during this time.

The Council is now actively progressing a permanent proposal to enhance active travel measures along South Circular Road and the data recorded during the Covid-19 summer restrictions forms an important input into the development of the future proposals on this road.

The data figures will be evaluated by the appointed consultants working on the project and will inform the decision-making process. Feedback from the numerous submissions made by residents/road users during the summer restricted traffic period will be assessed in formulating decisions relating to the future active travel measures to be implemented. A formal consultation process will follow in order to ensure the best final solution will be put in place.

Brian Kennedy
Director of Service
Physical Development Directorate

LIMERICK CITY AND COUNTY COUNCIL

METROPOLITAN DISTRICT OF LIMERICK

MEETING TO BE HELD ON MONDAY, 18TH JANUARY, 2021

Question submitted by Councillor E. O'Donovan

I will ask at the next meeting for an update on the locked Sarsfield House and Sylvester O'Halloran Bridge gates and if there has been any advancement by Limerick Council on the permanent opening of these gates.

Reply:

Neither of these gates is under the control of the Council. The matter of their opening hours is an issue for owners of the property on which they are located in the first instance.

The gates are open for long periods during the working day and for quite a number of hours at the weekend. However, for valid security reasons they are closed at other times and cannot be opened permanently. This traversing pathway has to be managed by the respective owners and the Council must respect their wishes to manage their property as they see fit. The alternative route across Matthew Bridge is but a brief diversion.

Meeting to be held on Monday 18th January 2021

Question submitted by Councillor J. Costelloe:

I will ask at the next meeting what percentage of the new housing stock for 2021 will the Council allocate to the various housing bodies.

Reply:

Housing Support Services utilise the Social Care expertise of the Approved Housing Body Sector for dealing with a variety of Housing Allocations, this is executed on a license basis with AHB. All of these arrangements are reviewed in Case Management Meetings to assess the levels of support required. AHB manage their own stock and new stock are allocated via the Housing Support Services Team with Qualified Housing Applicants.

Housing Support Services do not aim or set targets in terms of a percentage to allocate to Approved Housing Bodies. The process is customer led in terms of a determination during the assessment for Housing process.

Rob Lowth,
A/Senior Executive Officer,
Housing Support Services.

Meeting to be held on Monday 18th January 2021

Question submitted by Councillor J. Costelloe:

I will ask at the next meeting how much funding has the Council spent in total on hotel accommodation relating to homeless services provision in 2019 up to year ending 2020.

Reply:

Limerick City and County Council has spent the following funding on hotel accommodation relating to homeless services provision:

2019	€1.5m
2020	€1.9m

To provide a level of the figures, during 2019 the Department of Social Protection paid for some B&B costs to the Council during that year. The monthly figure in relation to family homelessness and the Homeless Action Team with the support of Housing Allocations aim to have no families in Hotels by the end of Q1 2021.

Rob Lowth,
A/Senior Executive Officer,
Housing Support Services.

METROPOLITAN DISTRICT OF LIMERICK

MEETING TO BE HELD ON 18TH JANUARY 2021

Question submitted by Councillor J. Costelloe

I will ask the Council to list what roads will be included in the Winter plan in terms of the gritting process during the severe icy spells that are forecasted.

REPLY:

I refer to the above Question regarding the Winter Maintenance Programme 2020 / 2021 and will comment as follows, referring specifically to the severe weather experienced for the two week period in late December / early January.

During this period the night-time temperatures dropped to between to -4 degrees and for a few days the temperatures in the shade remained close to zero during the day.

The winter Maintenance Plan adopted includes all the main distributary roads around the city. During the severe weather period additional roads were included notably; Summerville Road, Courtbrack Avenue, Rhebogue Road, Greenhills Road (due to the relocation of the fire service as result of Covid 19 restrictions) and the area around the Market at weekend. In the compilation of the Winter Maintenance Programme 2021/2022 other routes may be considered in severe weather conditions.

15/01/2021

LIMERICK CITY AND COUNTY COUNCIL

METROPOLITAN DISTRICT OF LIMERICK

MEETING TO BE HELD ON MONDAY, 18TH JANUARY, 2021

Question submitted by Councillor O. O'Sullivan

I will ask at the next Metropolitan Meeting for a full and detailed explanation as to what occurred between Limerick City and County Council and P&D Lydon Plant Hire Limited in relation to the Coonagh to Knockalisheen Road, from when the contract was awarded, to when P&D Lydon Plant Hire Limited ceased work on the project, all activity that followed leading to a High Court case, and why Councillors were not informed of the situation prior to reading it in a national newspaper on January 7th 2021.

Reply:

P&D Lydon Plant Hire Ltd were appointed by Limerick City and County Council on 23rd June 2017 to carry out an Advance Works contract on the Coonagh to Knockalisheen Distributor Road Scheme. The project involved the construction of 300 metres of urban dual carriageway from Coonagh Roundabout to the rear of Coonagh Cross Shopping Centre and embankment construction for a further 650 meters of future dual carriageway towards the Old Cratloe Road. The works commenced on 14th August 2017 and they were substantially completed on 8th November 2018. An adjoining land owner challenged the validity of a waste permit for the disposal of inert soil from the construction of the road. The High Court issued its judgement in December 2020 and the Council is now considering that judgement with its legal advisors.

**Kieran Lehane,
Director of Service,
Service Operations.**
