

LIMERICK URBAN CENTRE REVITALISATION

O'CONNELL STREET- PHASE 1

WEEKLY BULLETIN

WE 07/02/21

UPDATE:

ShareRidge Ltd has been tasked with the delivery of the Limerick Urban Centre Revitalisation Project - Phase One. Currently the project is on hold in accordance with Government Guidelines (Covid-19 Level 5 Restrictions)

ShareRidge Ltd await further guidelines from Government relating to Public Health Restrictions and look forward to commencing works on this significant project for Limerick City and County once the current restrictions are eased.

Once a start date is confirmed, the project will commence with Block 6 on Thomas Street, from Little William Street to O'Connell Street:

- The street will be closed to vehicular traffic, but pedestrian access will be maintained at all times.
- We will ensure that access and egress will be maintained for both traders and residents at all times.
- Work areas will be fenced off to ensure segregation between public and construction zones.
- We will be removing all street paving and furniture and installing new communications and power ducting while replacing some existing water main connections.
- New paving, lighting and seating will be installed.

Should you have any queries in relation to the works, please do not hesitate to contact our Project Manager or Public Liaison officer on the details below

If you would like to be included in communications from ShareRidge on this project, please send an email to: Limerickoconnellstreet@shareridge.ie
