

LIMERICK URBAN CENTRE REVITALISATION

O'CONNELL STREET- PHASE 1

WEEKLY BULLETIN

WE 14/02/21

UPDATE:

With the potential easing of current COVID 19 restrictions in the coming weeks, ShareRidge are hopeful of commencing works on site in early March 2021. A commencement date will be confirmed once an official date has been agreed by Government, for Construction to recommence.

Over the past number of months, we have been working hard behind the scenes to ensure that this project is delivered in as smooth a manner as possible.

- In conjunction with Limerick City and County Council we have developed a traffic management plan to provide alternative routes for non-city destination traffic around the city peripheral road networks. This plan is available for viewing at the following link

- ShareRidge have also been developing plans to ensure the Health and Safety of both the general public and our construction workers. We have been planning our construction methods to minimise any disruption to stakeholders, residents and local businesses, while ensuring access and egress is maintained to premises at all times.
- Full and detailed consideration has been given to relevant environmental issues and waste management.
- Over the last few weeks, we have been making every effort to ensure that traders who will be affected by and benefit from this project have been contacted and communicated with.
 - Almost 400 information letters have been handed out to businesses and residents over the past two weeks.
 - In the past week direct contact has been made with an additional 42 traders that will be directly affected by the works.

- We are currently updating the programme of works due to Covid-19 restrictions and hope to be able to provide a high-level plan of the various phases of the project next week.

Should you have any queries in relation to the works, please do not hesitate to contact our Project Manager or Public Liaison officer on the details below
