Local Improvement Scheme

Dear Sir/Madam,

I refer to your request for an application for a grant to carry out improvements under the Local Improvements Scheme, which is operated by Limerick City & County Council and attach the relevant application form incorporating particulars of the Scheme.

Proposals for which completed application forms are returned to the Council will be investigated. Works considered suitable for execution under the scheme will then be progressed when the grants allocated are sufficient to cover the cost. No approved work will however be undertaken unless and until the joint cash contribution from benefiting landowners is paid to the Council.

It is likely, however, that the value of applications to carry out works will far exceed the annual allocation by the Department of the Rural & Community Development for this scheme and consequently it will be necessary to place applications on a List.

Important Note: Limerick City & County Council will only accept applications where the attached form has been fully completed, and all supporting documentation listed below is enclosed. An application is not included on the Local Improvement Scheme List until fully completed and approved.

1. Copy of at least 2 Folios with Maps showing 2 registered owners (or Lease Agreement). Where a Lease Agreement is submitted, written consent of the Registered Owner to be provided.
2. Copy of map with location and length of roadway indicated thereon.
3. Herd No. and copy of Basic Scheme Maps provided by Dept. Of Agriculture, Food & the Marine, or other documentation which demonstrates engagement in agricultural activity, for at least 2 landowners/leaseholders.

As a result of Covid-19, we are corresponding by **email only**. This is to reduce inter personal contact. We ask that you please adopt the same approach in your written communication where possible with this office for the foreseeable future.

Yours faithfully,

SCHEDULE

A road must be open to the public and benefit two or more parcels of land owned or occupied by different persons, or, in relation to rights of turbary etc. serve two or more persons entitled to such rights.

The following roads would not satisfy the requirements of the scheme:-

- a) A road open to the public which only benefits one landowner.
- b) A road serving only houses or buildings occupied or used by persons not engaged in agriculture.
- c) A road with gates (entry or exit) restricting access as it is not considered open to the public.
- d) A road serving only Local Authority properties.
- e) A road leading to bogs developed commercially for large scale turf production.
- f) Projects involving drainage works only.
- g) A road leading to commercial enterprises.
- h) A road involving minor works which is within the competence of the applicants to do themselves.

PART II – TERMS AND CONDITIONS

- (1) Road projects may provide for the construction improvement or reconstruction of roads or bridges. The works should not be ordinary maintenance of a kind which the applicants could reasonably be expected to do themselves, but should provide for essential works of a more substantial kind such as strengthening weak sections, rut filling, resurfacing and opening water channels. Existing fences may also be removed, or set back, and new fences provided, where necessary and feasible at reasonable cost. The provision of new fencing or replacement of existing fencing on its own is not eligible for grant assistance.
- (2) The applicant must make the necessary apportionment amongst themselves of their respective portions of the joint contribution, and must arrange to collect the agreed amount and lodge it with Limerick City & County Council before the work is put in hands.
The Local Contribution applicable is 10% or 15% of the cost of the project (including VAT) i.e. 10% up to & including 5 residences and 15% for 6 or more residences up to a maximum of €1,200 per person.
- (3) Contributions in kind, e.g. free labour or materials, will not be accepted in lieu of cash. All materials forming part of a bridge or other structure to be demolished and replaced by a new structure, will be available for use if necessary, and without charge, in connection with the execution of the work.
- (4) The contributors and any other persons whose lands or interests appear to be affected by the proposed work must, when required prior to the commencement of operation, sign the prescribed form giving their full consent to the execution of the work including entry to their lands, etc.
- (5) Applicants must arrange amongst themselves for the provision of any land, which may be required for the construction, or widening of a road or for drainage works and no charge in respect of compensation for such land may be made against the project.
- (6) Limerick City & County Council will employ the necessary labour and will arrange to carry out the work subject to the conditions that (1) the ganger in charge of the work will be appointed by the Council as their agent, (2) no person whether a contributor or not, whose interests are affected will impede the execution of the work by making unreasonable demands on the ganger or other officials in charge. Failing the fulfilment of any of these conditions the works would not be put in hands and if already started would be closed down and any unexpended portion of the applicant's contribution returned to them through their representation.
- (7) Limerick City & County Council, in their discretion will decide on the specification of the work to be done and on the best manner of carrying it out, and the applicants shall not have any claim against the City & County Council for any imperfection which may exist in the finished work, nor for any failure to complete the full amount of the work which was envisaged.

- (8) Limerick City & County Council will expend upon the work the sum agreed upon (i.e. the estimated cost) and in the event of that sum not being sufficient to complete the entire work specified the City & County Council will not have any liability to be bound to expend on the work for its completion any sum in addition to the agreed sum, but the making of a supplementary grant will be considered on its merits if the applicants request and agree to pay such sum as may be required by way of additional local contribution.
- (9) When the work has been carried out, the applicants shall maintain it in good order and repair at their own charge and expense, and the City & County Council will not have any liability for the maintenance of the work.
- (10) Roads where LIS works are completed will not subsequently be taken in charge by the Council.
