Works on Block 2 are ongoing with additional kerbing installed between William Street and Thomas Street. We are continuing preparatory works on Block 2 in advance of new ESB cables being installed from William Street to Thomas Street.

On Block 6, Thomas Street the footpath has been temporarily widened for additional space.

Next week we will be carrying out further works at the junction of William street and O'Connell Street to enable the ESB install their new cables and mini pillars as efficiently as possible.

The ESB will issue notice prior to their works.

Should you have any queries in relation to the works, please do not hesitate to contact our Project Manager or Public Liaison officer on the details below
