3. Policing Issues in the District

Bruff Division

Superintendent Reidy noted that there has been an increase in all types of crime across the region and proceeded with the statistics for the Bruff Division, providing a comparison between Q4 2021 and Q3 2021:

Type of crime	Q4 2021	Q3 2021
Burglaries	20	34
Thefts	21	10
Thefts from MPVs	21	17

It was noted that the thefts from the MPVs related in the vast majority to one individual. Subsequently there has been a significant increase in the number of patrols in the area, and the suspect has been identified but not located. No incidents have occurred since the suspect was identified, and there is sufficient evidence to arrest the suspect once located.

In relation to the increase in Section 3 assaults, this can be attributed to the reopening of hospitality including public houses.

The increase in Drug offences can be attributed to the work of the District Drugs unit increase in operations.

The threat to kill took place as part of a court hearing, which resulted in the immediate arrest of the culprit.

Superintendent Reidy also highlighted that there is ongoing work to increase Community engagement, including the operation of the Community Bus scheme.

There has also been an increase in the numbers of patrols in the district as follows:
