**MEETING OF THE CAPPAMORE KILMALLOCK MUNICIPAL DISTRICT TO BE HELD ON
THURSDAY, 14TH JULY, 2022.**

Notice of Motion from Councillors Carey, Mitchell and E Ryan.

"We will move at the next meeting of the Cappamore/Kilmallock Municipal District Meeting that the unfinished development of 7 apartments at Wolfe Tone St, Kilmallock be put on the market with a view to be sold to any interested developers and brought back into viable housing provision"

REPLY:

The property in question is on the Derelict Sites Register and has been acquired compulsorily by Limerick City & County Council under the Derelict Sites Act 1990.

A structural assessment has deemed that the unfinished and derelict structure is not suited to repair and completion. In addition, there are planning/flood risk constraints associated with the site.

In view of the above, it would not be appropriate to put the property for sale and a decision has been made to demolish the unfinished/derelict structure on the site.

**Gordon Daly,
Director of Services,
Community Tourism and Culture Directorate,

**Meeting of the Municipal District of Cappamore Kilmallock
to be held on Thursday, 14th July 2022**

Notice of Motion submitted by Councillor Donegan

"I will move at the next meeting of the Cappamore/Kilmallock Municipal District calling on Limerick City and County Council to include Kilbehenny village in the recently announced scheme by the Department of Housing, Local Government and Heritage to improve the wastewater needs of rural villages and to be included in the Department's overall Multi-Annual Rural Water Programme 2022-2025."

Reply:

Minister Darragh O'Brien recently announced a new funding stream, Measure A8, under the Multi Annual Rural Water Programme, aimed at assisting in the provision of Waste Water Treatment Facilities to villages and settlements, **without access to public sewers**.

Local Authorities have been invited to submit a maximum of two proposals for funding under this measure, accompanied by a Feasibility Study, by September 15th, 2022.

Under this first tranche of funding, applications are limited to villages/settlements with a 'core area' that has at least 150 population equivalent, based on its existing residential population.

The following criteria will be applied:

- 1) Villages/settlements must be expressly listed in the current County Development Plan for the local authority and are a 'priority location' as detailed in the Framework document.

or

- 2) Villages/settlements that are not expressly listed in the County Development Plan for the local authority and where, in the opinion of the local authority, a need has been identified and is objectively evidenced. Village/settlements in this situation will only be considered on an exceptional and objectively evidenced basis.

It is also worth noting that under this Measure, Local Authorities are required to co-fund approved projects, up to 15% of the approved costs.

Consultations have begun within Limerick City and County Council, with staff from Forward Planning Section, Rural Water, and Water Services WasteWater Department. The purpose of these discussions is to identify what villages or settlements will qualify under the criteria, and to identify any potential income stream to meet the required matching funding.

We will provide further updates to the Members prior to the deadline for submission of proposals.

Caroline O'Kane

**A/Senior Executive Officer,
Water Services.**

MEETING OF THE MUNICIPAL DISTRICT OF CAPPAMORE-KILMALLOCK TO BE HELD ON 14th July 2022

Notice of Motion submitted by Councillor M Ryan

"I will move at the next Cappamore Kilmallock Municipal District meeting that the use of averaging Speed cameras be considered in towns and villages in the MD where speed is a concern"

REPLY:

Averaging speed camera pilot studies are currently being carried out by TII on the national/motorway network. The use of these cameras and their appropriateness in towns and villages within the Cappamore-Kilmallock would be premature at present as it is likely their use would be governed by national policy. Limerick City and County Council will liaise with both TII and the Dept. of Transport to discuss Cllr. Ryan's motion and determine the plans and policy that TII and the DOT may have for their use in the future.

Trevor McKechnie
Senior Executive Engineer
11th July 2022
