## 1. Councillor Requested Report

### 1.1 OPW Projects

#### (a)Marine Cove

ESB Advance Works complete.

Main Contract - Culvert under N69 complete and Overflow Spillway Marine Cove under construction.

### 1.2 Anhid Cross Public Lighting

#### *Correspondence from Central Services*

I had an initial conversation with TII regarding potentially lighting this junction. From our initial conversations it seems very unlikely that this junction would be lit. For junctions of this type to be lit there are a number of criteria that must be considered, listed below. TII have a method of evaluating applications with items such as accident history, the number of houses in the vicinity, physical activity facilities. Based on this criteria TII feel that this junction would likely not meet the required level to approve a departure in relation to this application. If we do wish to submit an application a full lighting design would be required and any application will not be considered without it. Thanks

Appraisal Criteria	Appraisal Sub-Criteria
Environment	Landscape & visual quality
	Biodiversity
	Cultural, Archaeological, Architectural Heritage
Safety	Collision reduction
	Security
Economy	Economic Cost
Accessibility & Social Exclusion	Vulnerable groups
	Journey Ambience
	Severance
Integration	Integration with other government policies
Physical Activity	Physical Activity

### **1.3 Hedge Cutting Limerick National Roads**
