**MEETING OF THE MUNICIPAL DISTRICT OF CAPPAMORE – KILMALLOCK to be held on Thursday,
16th February 2023.**

Notice of Motion submitted by Councillor Mitchell

“I will move at the next meeting of Cappamore-Kilmallock Municipal District that the Local Authority supply an extra Truck for patching potholes in the area. It is a huge area with the longest kilometers of roads particularly during the winter months where we have consistent heavy rain and floods with heavy frosts where staff are under severe pressure. It saves money from damage and claims and promotes safety on our roads long term.”

REPLY:

The weather conditions experienced during the current winter has resulted in more significant damage to road surfaces that would normally be experienced. The Cappamore-Kilmallock MD have an additional Velocity Patcher engaged from the 7th Feb on a temporary basis to repair damaged roads across the District.

**MEETING OF THE MUNICIPAL DISTRICT OF CAPPAMORE – KILMALLOCK to be held on Thursday,
16th February 2023.**

Notice of Motion submitted by Councillor Teefy

“I will move at the next meeting of the Municipal District that a schedule be put in place to remove the grass ridge growing in the middle of many local/tertiary roads which are otherwise in good condition.”

REPLY:

This issue is extremely common on a good portion of the road network across the Municipal District. It is not feasible to carry out a full programme of such works as it would divert resources from other maintenance duties for a significant period of time. It is suggested that if roads with excessive growth are identified as causing issues for traffic, then the Municipal District office will look at appropriate measures for treatment

**MEETING OF THE MUNICIPAL DISTRICT OF CAPPAMORE – KILMALLOCK to be held on Thursday,
16th February 2023.**

Notice of Motion submitted by Councillor Carey

“I will move at the next MD meeting that Active Travel Funding be made available for a pedestrian crossing and footpath at Anglesboro National School to address serious safety issues and concerns, similar to what was made available in the last couple of years to Ballylanders NS and Martinstown NS.

REPLY:

The Municipal District had previously proposed to construct a new footpath from the school to the village. The existing carriageway is not wide enough for such works and therefore land acquisition is required. The land required is unavailable to Limerick City and County Council at present and therefore the scheme cannot proceed.
