Meeting of the Metropolitan District of Limerick

to be held on 10th July 2023

Notice of Motion submitted by Councillor S. Kiely

I will move at the next Meeting of the Metropolitan District of Limerick that additional funding be made available for the road at The Cats Cradle to address the dangerous conditions and try to prevent further accidents.

Response:

LCCC Roads have recently installed significant safety measures on the R512 at the Cats Cradle, Ballyneety in recent months. These new measures will need to be reviewed over a period of time to determine their impact on road safety. It is not envisaged to implement any further measures at this point. In conjunction with these new safety improvements LCCC Roads have also contacted the Gardaí to review speed enforcement at this location.

Meeting of the Metropolitan District of Limerick

to be held on 10th July 2023

Notice of Motion submitted by Councillor S. Hartigan

I will move at the next Meeting of the Metropolitan District of Limerick that Limerick City and County Council use its powers under the 1949 local authorities act to remove the submerged bench in the Shannon at the bathing area known as "sandy" at UL that is a danger to swimmers and pets using the area.

Response:

In the interests of urgency and public safety, LCCC Roads have recently completed the removal of the submerged bench in the Shannon at the bathing area known as "sandy" at UL as requested. However, ultimately LCCC Roads deem that any maintenance issues in this area along the River Shannon such as the above should be dealt directly by the ESB or UL under their own property maintenance.

METROPOLITAN DISTRICT OF LIMERICK

MEETING TO BE HELD ON MONDAY, 10TH JULY, 2023

Notices of Motion submitted by Councillors

Notice of Motion submitted by Councillor J. Leddin

I will move at the next Meeting of the Metropolitan District of Limerick that the Council communicate and liaise with Shannon Foynes Port Company about the task of restoring the 1850's former Sailors Home historical building on O'Curry Street which was destroyed by fire recently.

Notice of Motion submitted by Councillor E. O'Donovan

I will move at the next Meeting of the Metropolitan District of Limerick that this Council liaise with the Shannon Foynes Port Company and Limerick Civic Trust regarding the ongoing management and restoration of the Sailors Home on O'Curry Street.

RESPONSE:

Within hours of the fire the Architectural Conservation Officer had made contact with other stakeholders in our built heritage such as the Architectural Heritage Unit of the Department of Housing, Local Government, and Heritage, and the Irish Georgian Society prior to contacting the Chief Executive of the Shannon Foynes Port Company to assure him of the Council's support for the conservation, restoration, and reconstruction of the building. Subsequently, discussions were held with other interested parties.

A leading firm of conservation engineers has already been appointed by the Port Company to conduct initial assessments.

Ongoing contact will be maintained with the relevant officials in the Port Company to determine the appropriate next steps.
