MEETING OF THE MUNICIPAL DISTRICT OF NEWCASTLE WEST to be held on Wednesday, 6th September 2023.

Notice of Motion submitted by Councillor L. Galvin

I will move at the next Municipal District Meeting that this Council call on the Government to review GDPR rules regarding housing and giving out information to us as Councillors/Directors of this Council.

REPLY:

The Council including the Housing Directorate are committed to meeting all relevant Data Protection, privacy and security requirements, whether originating from legal, regulatory or contractual obligations and is committed to protecting the rights and privacy of individuals in accordance with current Data Protection legislation.

Councillors and other elected public representatives are data controllers in their own rights. The General Data Protection Regulation (GDPR) and the Data Protection Act 2018 clearly sets out the responsibility of the Council and Elected Representatives to manage personal data securely. Section 40 of the Data Protection Act 2018 specifically refers to Elected Representatives making representations to organisations seeking personal data.

The Council having regard to the significant requirements under the Data Protection legislation has a dedicated Data Protection Officer and Data Protection unit to ensure data governance protocol is embedded throughout the organisation and specifically within each department of Limerick City and County Council.

The motion submitted would require a change to the General Data Protection Regulation (GDPR) and the Data Protection Act 2018, which took effect in May 2018.

MEETING TO BE HELD ON WEDNESDAY 6TH SEPTEMBER 2023

Notice of Motion submitted by Councillor M. Collins

I will move at the next Meeting that Limerick City and County Council will take in charge and put the laneway from Gortboy to the Desmond Complex beside the Courtenay School into a safe and usable condition for the people using it

REPLY:

This laneway is likely in the ownership of the Department of Education currently even though it is deemed unregistered on the Land Registry database.

I will check initially the possibility of this laneway being acceptable for funding under an LIS scheme with the Department of Transport.
