Matters Arising

Seamus O'Connor advised members that a reply was received in relation to query raised regarding the Artwork feature for O'Connell Street as part of the works recently completed. Following detailed consideration, including interviews with the shortlisted artists, the panel took a consensus decision not to proceed with the shortlisted proposal. The decision was based on the relevance and complexity of the concept, budget and maintenance costs arising. The Council will explore further opportunities to commission a public art piece for O'Connell Street as part of the next phase of the project.

SOC updated the members on the Notice of Motion from Cllr. J. Leddin which was passed at the previous Meeting regarding the identification of suitable land in the Dooradoyle area to facilitate the construction of a new children's playground. The members were advised that the Planning, Environment and Place-Making Directorate will liaise with Councillor Leddin and the Limerick City West Councillors.
