

## Mill Road Active Travel Scheme

Comhairle Cathrach  
& Contae **Luimnigh**  
**Limerick** City  
& County Council

09/02/2024

Works have commenced on the site clearance to the compound and storage area for the project. The first section of wall to be removed has been completed, creating access to the compound.

Works will continue in the coming week with further site clearance in the compound area and the installation of temporary offices and storage containers. Works will then commence to remove vegetation and tree stumps behind the wall in the Bishops field. This will then allow the excavation to commence for permanent service ducting and removal of the first sections of this wall.

Works will also commence in Section 1 of the project, at the Corbally House Nursing Home end. This will entail removal of the existing verge and realignment of the road. Directly effected property owners/occupants will be contacted in the coming days.

Localised Traffic Management will be set up as required in the effected areas and we thank you for your cooperation and patience.
