**Meeting of the Metropolitan District of Limerick to be held on Wednesday 20<sup>th</sup> March 2024.**

**Question submitted by Councillor J. Leddin**

I will ask at the next Meeting of the Metropolitan District of Limerick for an update on the laneways community mapping project and timeframe for completion.

**Reply**

The Limerick Laneways project is part of the Living Limerick City Centre Initiative which is funded under the Urban Renewal Development Fund. The Council appointed a design team led by Tobins Consulting Engineers, working alongside Allies and Morrison to develop a toolkit to give best practice guidance on the development of the laneways and to assist with a prioritisation of a capital programme.

The Consultants are currently finalising the Toolkit further to commentary from the Development Management & Place-Making Department of LCCC, which includes developing concepts that can be implemented on the Laneways. Once issued, the Elected Members will be briefed on the Toolkit which we envisage taking place in the coming months. It is intended to commence a pilot lane project in 2024.
