

## **MEETING OF THE METROPOLITAN DISTRICT OF LIOMERICK TO BE HELD ON WEDNESDAY 20 MARCH, 2024**

### **Notice of Motion submitted by Councillor J. Pond**

I will move at the next Meeting of the Metropolitan District of Limerick that Limerick City and County Council would engage with the developer of the Mills Estate (Cairns Construction) in Castletroy to collectively work together to implement/install all necessary road safety measures that will allow school children use the Greenway as a safe route to and from school, in particular, on the road crossing the greenway joining both sides of Mills Estate.

### **Reply:**

The developer has engaged with the Planning Authority and is examining enhanced safety measures along the greenway within their site. It is the developer's intention to submit this proposal to the Planning Authority as a compliance submission to the permitted permission, which requires that final alignment details, finishes and materials in relation to this section of the Castletroy Urban Greenway are to be agreed in writing with the Planning Authority.
