Re: Development Fund Allocations 2024

A Chomhairleoir, A Chara,

Please find attached the distribution of our estimated development levies for 2024, for noting at the May Council meeting.

In line with Circular letter Fin 03/2009 dated February 2009, from the Department of the Environment, Community and Local Government, which related to the 'Control and Monitoring of Local Authorities Contributions to the General Government Balance' it is a requirement that the proposed expenditure be in line with estimated collection for the year.

Taking a realistic view on what is likely to be collected in 2024 given the level of development activity, the economy and the Development Contribution Scheme adopted by the Members in 2022, a total income of approximately €3m has been budgeted for 2024.

Following cross Directorial discussions in relation to the likely projects to proceed and taking account of existing commitments the Council is in a position to allocate funding to 43 specific projects / initiatives for 2024. In addition, a general financial allocation to each of the Municipal Districts has been provided for local capital projects.

The expenditure proposals are set out accordingly.

Mise le meas,

Vincent Murray,
Director of Services,
Planning, Environment & Place-making

List of Project (s)	District	Dev Contribution Scheme category	Allocation
Market Quarter (URDFLIM007) - Food hub	Metro	Community facilities	€200,000
Market Quarter (URDFLIM007) - Cruises Street & Market Quarter Public Realm	Metro	Transport, Surface water and Public realm	€30,000
