Dear Mr Dara O'Brien,

I am writing to you today regarding your request for an update on the status of the Water Scheme takeover in Kilglass and the current status of the Boil Water Notice in place. Your Uisce Éireann reference number for same was 24317 which was raised on the 08/7/2024.

I wish to advise that the following update has become available; schemes will only be taken over when fit for purpose and free from significant defects that would impact on customer service, water quality or asset longevity. The Boil Water Notice in place for the Kilglass Scheme is a key issue that needs to be addressed prior to the Scheme being Taken in Charge.

The plan is to connect this supply to the Mitchelstown supply. Design for the connection is complete and the tendering process is currently underway. A main contractor is expected to be appointed within 6 weeks with works to be completed by the end of the year, and the Boil Water Notice is subsequently expected to be lifted. Following this, we expect the Taken in Charge process to progress. Further information will be available in the Rural Water Department of Limerick County Council.

I trust that this update provides clarity to both you and your constituents. Should you have any further queries, please don't hesitate to contact us on the details below. For the latest supply and services updates, please see: <https://www.water.ie/?map=supply-and-service-updates>.
