## REPLY TO NOTICE OF MOTION

**Meeting of the Municipal District of Newcastle West to be held on Wednesday, 11<sup>th</sup> September, 2024.**

### **Notice of Motion submitted by Councillor L. Galvin**

I will move at the next Meeting of the Municipal District of Newcastle West that Daly's building on the Main Street, Abbeyfeale be removed from the list of Protected Structures as this building is dangerous.

#### **Response:**

J.D. Dalys, Main Street, Abbeyfeale RPS 770 is of clear artistic quality and interest. The structure has a both distinctive façade featuring decorative stucco by Pat Mc Auliffe and is also an intact example of 19<sup>th</sup> century commercial interiors. Daly's has not lost its special architectural, artistic, historic or technical significance and its deletion from the record of Protected Structures is not considered warranted or appropriate.

**Notice of Motion Submitted By Councillor Galvin**

I will move at the next Meeting for proper safety measures to be carried out at Ashford National School particularly from the Broadford side, Tournafulla National School and Templeglantine National School to include proper signage, speed ramps and road markings for all of the above.

**Reply:**

LCCC will investigate the need for additional proper signage measures at the above locations, with regard traffic calming measures, additional funding will be required and the Traffic Calming Policy 2024 will have to be adhered to.

**Meeting of the Municipal District of Newcastle West  
to be held on Wednesday, 11<sup>th</sup> September 2024**

**Notice of Motion submitted by Councillor J. Sheahan**

I will move at the next Meeting that the recent changes to the laying out of graves in Holycross Cemetery be either reversed or else serviced adequately so loved ones can visit their dearly departed family members.

**Response:**

The Council facilitated changes to the layout of the burial ground in the new sections following representations received in 2023. The Council can revert to the original layout and will consider the installation of new paved surfaces once the practicality of same is reviewed on site.

I am writing to you today regarding your correspondence on behalf of the Members of Limerick County Council, regarding Newcastlewest Waste Water Treatment plant current capacity and upgrade timeline.

Your Uisce Éireann reference number for same was 25921.

I am pleased to advise that my colleagues in our Asset Management Team at Uisce Éireann have reviewed your query and the following updated response has become available:

As part of our commitment to support growth and development, Uisce Éireann publishes annual water supply and wastewater treatment capacity registers on our website [www.water.ie](http://www.water.ie)

The indication of available capacity on these registers is based on a standardised review regarding current and future capacity in water and wastewater treatment plants. Capacity is always subject to change and network capacity must also be taken into consideration when proposing future development.

Developers can submit queries for individual sites at any time via our Connection & Developers Services Team and we encourage individuals or developers to engage with Uisce Éireann as early as possible in the development process. Updated capacity registers will be available on our website in the coming weeks.

We would like to thank you for your correspondence, I trust that this update provides clarity to both you and your (District) members. Should you have any further queries, please don't hesitate to contact us on the details below.

Yours sincerely,

John Noone

**Notice of Motion submitted by Councillor Foley**

I will move at the next meeting that this Municipal district introduce a comprehensive works programme for traffic safety measures be put in place for our towns and villages and that it would be properly funded.

**Reply:**

Currently LCCC do not have a budget to carry out a comprehensive traffic calming programme for our towns and villages and this should be addressed in the budgetary proposals for the years 2025-2029.
