Data Protection Privacy Statement for

Insta360 Camera Technology - Use of insta360 camera technology for the purpose of monitoring and evaluating the performance of cycling infrastructure around the city and county.

Who we are and why do we require your information?

Limerick City and County Council seeks to promote the economic, social and cultural development of Limerick City and County and in doing so contribute significantly to improving the quality of life of its people. The delivery of high quality services, tailored to meet the needs of all our customers, remains one of Limerick City and County Council's core objectives and is included in our Corporate Plan. This quality service includes not only the level and quality of service given to our customers, but also the quality of our decision-making processes, the efficiency and effectiveness of our corporate operations, standard of our facilities and our ability to adapt in an ever-changing environment. In order to provide the most effective and targeted range of services to meet the needs of the citizens, communities and businesses of Limerick City and County we will be required to collect, process and use certain types of information about people and organisations. Depending on the service being sought or provided, the information sought may include 'personal data' as defined by the Data Protection Acts and by the General Data Protection Regulation (GDPR) and may relate to current, past and future service users; past, current and prospective employees; suppliers; and members of the public who may engage in communications with our staff. In addition, staff may be required, from time to time, to collect, process and use certain types of personal data to comply with regulatory or legislative requirements.

Why do we have a privacy statement?

Limerick City and County Council has created this privacy statement in order to demonstrate our firm commitment to privacy and to assure you that in all your dealings with Limerick City and County Council that we will ensure the security of the data you provide to us. Limerick City and County Council creates, collects and processes a significant amount of personal data in various multiple formats on a daily basis. Limerick City and County Council's commitment is that the personal data you may be required to supply to us is;

- Obtained lawfully, fairly and in a transparent manner
- Obtained for only specified, explicit and legitimate purposes
- Adequate, relevant and limited to what is necessary for purpose for which it was obtained
- Recorded, stored accurately and securely and where necessary kept up to date
- Kept only for as long as is necessary for the purposes for which it was obtained.
- Kept in a form which permits identification of the data subject
- Processed only in a manner that ensures the appropriate security of the personal data including protection against unauthorised or unlawful processing.

Data Protection Policy

Limerick City and County Council has a detailed Data Protection Policy, which outlines how we as a public body are committed to ensuring the security of any personal data you provide to us.

What is the activity referred to in this Privacy Statement?

Use of insta360 camera technology for the purpose of monitoring and evaluating the performance of cycling infrastructure around the city and county. The information gathered from these surveys will be utilised to improve the infrastructure.

What is the basis for making the processing of personal data in this activity lawful?

Processing is necessary for the performance of a task carried out in the public interest or in the exercise of official authority vested in Limerick City & County Council [Article 6(1)(e) of the General Data Protection Regulations, 2016] and in conjunction with the Limerick/Shannon Metropolitan Area Transport Strategy 2040.

“The vision of a Cycle Network Study for the Limerick Metropolitan Area is to develop a consistent, clear and continuous network of urban and suburban cycle networks throughout the Limerick Metropolitan Area to ensure cycling becomes a realistic choice as a mode of transport”

We require your contact details

In order to communicate with you, you will be asked for contact details. You do not have to provide all contact details but providing more, such as email, phone, address, makes it easier to communicate. Please note that to help protect your privacy, we take steps to verify your identity before granting access to personal data. These contact details may also be used to verify your identity.

What other items of personal data do we need to undertake this activity?

Personal data is not required in the completion of these surveys, however, if some personal information is captured, this will be redacted before any sharing takes place.

Insta360 footage will be limited to predetermined areas under survey. There will be one Insta360 camera used for the proposed surveying.

It is planned that these surveys will take place outside of peak hours to reduce the likelihood of personal data being captured and to enhance the survey efficiency.

Is the personal data submitted as part of this activity shared with other organisations?

Limerick City and County Council may, to fulfil statutory or regulatory obligations or in the public interest, from time to time, have to share personal data with other organisations or entities (in Ireland or abroad). Where this is required, Limerick City and County Council shall have regard to the security and integrity of the data and will minimise the data shared.

The video footage will be shared with Google for uploading to Google Street View, where personal information will be redacted from the footage before being shared on the publicly available google maps website.

LCCC will upload content to Google Maps, who in turn will become the data controller. They will own the data under copyright. When Google Street View content from 360 video recordings are submitted by users, they apply their algorithms to automatically blur faces and license plates.

Still images will be used for survey purposes to highlight issues/risks requiring engineering resolution. These will require pixilation or redaction where necessary, and will be shared with LCCC staff as required.

In this activity, if the personal data is to be transferred to a different country, it will be transferred to the following countries (if there are no countries listed, it is not intended to transfer the personal data abroad):

Data is NOT transferred to another country – However, promotional video content to encourage the use of cycle lanes and greenways will be shared online via Limerick City and County Council’s website.

How long is this personal data held by Limerick City and County Council?

Limerick City and County Council has a detailed record retention policy which goes in to more detail of the time period for which your personal data will be retained by Limerick City and County Council and what will happen to it after the required retention period has expired.

The data processed as part of this activity will be retained for the following period(s):

In accordance with Article 5 (1) (e) of the General Data Protection Regulation footage will be kept for no longer than is necessary. In this instance, the footage will be retained for 5 years after the survey takes place, then destroy, bar useful outputs such as promotional video content. Offer these to the archivist for archiving. For further information please click [here](#)
