Grants under the Arts Act

- On January 29th, Limerick Arts Office announced the open call for applications under the “Grants Under the Arts Act” scheme.
- The closing date for applications was 5pm Wednesday 28th February 2024.
- A total budget of €20,000 is available in the fund.
- Grants under the Arts Act funding ranges from €100 to a maximum payment of €1,000.

Criteria for selection

Limerick City and County Council offers grant funding to amateur, community or voluntary groups, or organisations, and individual arts practitioners, which in the opinion of the authority will stimulate public interest in the arts, promote the knowledge, appreciation and practice of the arts or assist in improving the standards of the arts.

In the Arts Act, the arts are defined as painting, sculpture, architecture, music, film, drama, dance, literature, design in industry and the fine arts, and applied arts generally. The awards can be used for the professional development of artists, the arts and increasing access to and participation in the arts.

Assessment

All Grants under the Arts Act applications are considered by an assessment panel, appointed by Limerick Arts Office, Limerick City and County Council.

The Panel

The Grants under the Arts Act 2024 panel met remotely on Wednesday 13th of March, to assess and make decisions on all eligible applications, using the published criteria for assessment.

The panel comprised of:

- **Austin Ivers**, Galway based artist and educator, lecturing in Contemporary Art at GMIT. Having initially studied printmaking in LSAD and CCAD, his practice has been almost exclusively digital (durational and still) objects for over 20 years. Austin has had one-person shows in the Galway Arts Centre, 126 and the Dock, Carrick-on Shannon and exhibited in group shows including the RHA Annual & Tulca.
- **Fiona Flavin**, Assistant Arts Officer – Tipperary County Council. Fiona is committed to supporting arts organisations and arts practitioners, fostering an environment where the arts can thrive and be accessible to all, and enriching communities through the power of the arts. She has extensive experience spearheading and facilitating arts initiatives in education and community settings.

The panel was impressed with the level of requests for funding and the quality of the applications. The panel recommended, should further funding become available, that it be distributed to those that were not awarded full allocations. The panel also recommended that Limerick City and Council consider an increase in future funding, to enable the building of capacity around current provision and to support strategic development. Grant aid is awarded according to the Limerick Cultural Strategy: A Framework 2016-2030.
