Notice of Motion submitted by Councillor J. Scanlan

I will move at the next Meeting that traffic flow along Nash's Lane, Newcastle West, be reviewed in the interest of safety.

Reply:

LCCC can review the need for a bollard at the top of Nash's Lane to prevent traffic entering Nash's Lane from the square, would that be acceptable to the community?

Notice of Motion submitted by Councillor M. Collins

I will move at the next Meeting that proper traffic calming measures including upgraded footpaths, ramps and lighting be installed at Feohanagh Village. The village has had no investment or work done in many years.

Reply:

Through NTA funding it is the intention of the Roads Section to carry out footpath, drainage and public lighting works during 2025. With regard to the placement of ramps, an application will be made for such works and this will have to comply with the traffic calming policy 2024.
