### This Past Week 14th to 18th of October

Civil works commenced on the roadway between No.1 and No.8 Spring Grove, where excavation took place alongside the installation of ducting and utility services. At Roseneath, further concrete foundations were poured. Stonemasons continued their work on the stone walls throughout the project. The kerbing line across from the old shop was excavated, and drainage works were implemented. A lighting column was installed opposite the entrance to Laurelvilla, and the footpath was reinstated afterward. ESB ducting was installed to the house at St Munchins rear gate.
