**MEETING OF THE MUNICIPAL DISTRICT OF CAPPAMORE/KILMALLOCK
TO BE HELD ON THURSDAY 20th FEBRUARY 2025**

Question submitted by Councillor P.J. Carey

I will ask at the next meeting of the Cappamore-Kilmallock Municipal District for a progress update on the Charleville to Patrickswell Greenway referred to in last year's Schedule of Works.

Reply:

Technical Advisors have examined the feasibility of providing a greenway along the route of the existing abandoned railway between Patrickswell and Charleville. The study however identified significant delivery challenges for such a scheme and following consultation with TII, it is not considered feasible to progress this scheme at this time. Cycling and walking infrastructure is however to be provided as part of the N/M20 Cork to Limerick scheme between Patrickswell and Charleville.

Signed: 
David E Leahy
