## **LIMERICK CITY AND COUNTY COUNCIL TRAVEL & TRANSPORTATION SPC**

**MEETING TO BE HELD ON TUESDAY, THE 10<sup>th</sup> JUNE, 2025.**

### **Notice of Motion submitted by Councillor S. Benson (referred from April Metro Meeting)**

I will move at the next Meeting of the Metropolitan District of Limerick that this Council, carry out an audit of all bus stops in the Metropolitan area and liaise with the NTA to provide adequate bus stop signage at all stops and remove all inadequate signage.

#### **Reply:**

As part of the ongoing Network Redesign under the BusConnects programme in Limerick, the National Transport Authority (NTA), in close collaboration with Limerick City and County Council, is carrying out a comprehensive review and assessment of every bus stop across the network. This review is a key component of the wider effort to enhance public transport services, accessibility, and infrastructure throughout the city.

As part of the implementation phase of the redesigned bus network, all necessary upgrades to bus stops will be carried out. This will include the installation of new, standardised signage where needed, as well as the removal and replacement of any signage that does not meet the updated criteria. The objective is to provide a consistent and high-quality experience for public transport users, making the network easier to navigate and more reliable for all passengers.

In light of this ongoing work, the Council is committed to continuing its engagement with the NTA to ensure that the needs of the Limerick Metropolitan area are fully addressed and that all bus stop infrastructure is brought up to an acceptable and modern standard.
