Description of Site and Surroundings:

The site consists of an existing single storey cottage noted as 'House 1' on application. The property is the middle cottage in a terrace of three, located in Bruree village core approx. 200m north of its centre along the L51803 local road.

Zoning:

Village Centre - Objective: *To provide for the development and enhancement of town/village centre core uses including a mix of retail, residential, commercial, civic and other uses.*

Proposal:

This is an application requesting a Section 5 Declaration on whether the following works are or are not development or are or not exempted development:

- Proposed single storey extension with dormer loft conversion.

Given that there are two separate elements to the proposal, it is considered this should be considered as follows:

- 1) Dormer loft conversion
- 2) Proposed single storey rear extension

This Section 5 declaration includes the following:—

- Application Form
- Site location map
- Site Plan & Contiguous Elevations
- Proposed GA Drawings

Planning History:

24/60756 - the demolition of 2 No. existing dwellings and permission for 2 No. dwellings; along with ancillary site works. Withdrawn.

Assessment

Consideration as to whether a development constitutes exempted development or not is governed by Sections 4 and 5 of the Planning and Development Act 2000 (as amended) and Articles 5, 6, 7, 8, 9, 10 and 11 of the Planning and Development Regulations 2001 (as amended).

Is the proposal development?

Section 2(1) in this Act, except where otherwise requires –

‘works’ includes any act or operation of construction, excavation, demolition, extension, alteration, repair or renewal.

‘structure’ as any building, structure, excavation, or other thing constructed or made on, in or under any land, or part of a structure so defined, and –

(a) Where the context so admits, includes the land on, in or under which the structure is situated.

Section 3(1) defines ‘development’ as ‘the carrying out of any works on, in, over or under land or the making of any material change in the use of any structures or other land’.

The proposal on site, comprising a single storey extension to the rear and proposed flat roof dormer to rear of attic conversion is considered to be both ‘works’ and ‘development’ as defined above.

Is the proposal exempted development?

1) Dormer loft conversion

The proposed dormer loft conversion will be assessed under Section 4 (1)(h) of the Planning and Development Act 2000 (as amended) which is as follows:

Section 4 (1)(h) of the Planning and Development Act 2000 (as amended)

Exempted development – “development consisting of the carrying out of works for the maintenance, improvement or other alteration of any structure, being works which affect only the interior of the structure or which do not materially affect the external appearance of the structure so as to render the appearance inconsistent with the character of the structure or of neighbouring structures”.

The proposal includes a loft conversion with the provision of a dormer to the rear of the dwelling, which is part of a larger terrace. As such it will involve a material change in the roof structure which will render its appearance inconsistent with the character of the existing house and neighbouring dwellings. Therefore, the proposal to construct a dormer window or to alter the roof profile of a cottage will require full planning permission, regardless of the scale of the works.

2) Proposed single storey rear extension

The proposed development for the extension to rear of property will be assessed against Class 1 of Part 1 of Schedule 2 of the Planning and Development Regulations 2001 (as amended).

Class 1

The extension of a house, by the construction or erection of an extension (including a conservatory) to the rear of the house or by the conversion for use as part of the house of any garage, store, shed or other similar structure attached to the rear or to the side of the house is considered Exempted Development, subject to the following Conditions and Limitations:

Proposed ground floor extension to the rear (eastern) elevation complies with Class 1 exemptions.

Is the development within the curtilage of a house?

Yes, the extension is to the rear of the house and within the curtilage.

1. (a) *Where the house has not been extended previously, the floor area of any such extension shall not exceed 40 square metres.*

The house has not been extended previously.

(b) *Subject to paragraph (a), where the house is terraced or semi-detached, the floor area of any extension above ground level shall not exceed 12 square metres.*

NA single storey rear extension.

(c) *Subject to paragraph (a), where the house is detached, the floor area of any extension above ground level shall not exceed 20 square metres.*

N/A. The house is not detached.

2. (a) *Where the house has been extended previously, the floor area of any such extension, taken together with the floor area of any previous extension or extensions constructed or erected after 1 October 1964, including those for which planning permission has been obtained, shall not exceed 40 square metres.*

N/A. House has not been extended previously.

(b) *Subject to paragraph (a), where the house is terraced or semi-detached and has been extended previously, the floor area of any extension above ground level taken together with the floor area of any previous extension or extensions above ground level constructed or erected after 1 October 1964, including those for which planning permission has been obtained, shall not exceed 12 square metres.*

N/A. House has not been extended previously.

(c) *Subject to paragraph (a), where the house is detached and has been extended previously, the floor area of any extension above ground level, taken together with the floor area of any previous extension or extensions above ground level constructed or erected after 1 October 1964, including those for which planning permission has been obtained, shall not exceed 20 square metres.*

N/A. The house is not detached.

3. *Any above ground floor extension shall be a distance of not less than 2 metres from any party boundary.*

NA, no above ground extension.

4. (a) *Where the rear wall of the house does not include a gable, the height of the walls of any such extension shall not exceed the height of the rear wall of the house.*

The height of the walls of the extension does not exceed the height of the rear wall of the house.

(b) *Where the rear wall of the house includes a gable, the height of the walls of any such extension shall not exceed the height of the side walls of the house.*

N/A. The proposed development does not include a gable.

(c) *The height of the highest part of the roof of any such extension shall not exceed, in the case of a flat roofed extension, the height of the eaves or parapet, as may be appropriate, or, in any other case, shall not exceed the height of the highest part of the roof of the dwelling.*

The roof of the proposed extension does not exceed the height of the eaves.

5. *The construction or erection of any such extension to the rear of the house shall not reduce the area of private open space, reserved exclusively for the use of the occupants of the house, to the rear of the house to less than 25 square metres.*

The construction the proposed extension would not reduce the area of private open space at the rear of the house to less than 25sqm.

6. (a) Any window proposed at ground level in any such extension shall not be less than 1 metre from the boundary it faces.

Proposed windows at ground floor level are shown to not be less than 1 metre from the boundary it faces.

(b) Any window proposed above ground level in any such extension shall not be less than 11 metres from the boundary it faces.

NA, the proposed extension is single storey.

(c) Where the house is detached and the floor area of the extension above ground level exceeds 12 square metres, any window proposed at above ground level shall not be less than 11 metres from the boundary it faces.

N/A. The house is not detached.

7. The roof of any extension shall not be used as a balcony or roof garden.

The submitted plans do not show a balcony or roof garden.

The proposed development complies with Class 1 of Part 1 of Schedule 2 of the Planning and Development Regulations 2001 (as amended).

Article 9 Restrictions

The proposed development is not restricted by any of the restrictions in Article 9 of the Planning and Development Regulations 2001 (as amended).

Appropriate Assessment

On the basis of the information submitted, which is considered adequate to undertake a screening determination and having regard to:

- the nature and scale of the proposed development,
- the intervening land uses and distance from European sites,
- the lack of direct connections with regard to the Source-Pathway-Receptor model,

it is concluded that the proposed development, individually or in-combination with other plans or projects, would not be likely to have a significant effect on the above listed European sites or any other European site, in view of the said sites' conservation objectives.

An appropriate assessment is not, therefore, required.

Environmental Impact Assessment

Based on a preliminary examination of the proposal there is no real likelihood of significant effects on the environment and EIA is not required.

Conclusion/Recommendation

1) Dormer loft conversion

The proposed dormer conversion to rear of attic for supplementary living space is not considered to be within the scope of Section 4 (1)(h) of the Planning and Development Act 2000 (as amended). Schedule 2 of the Planning and Development Regulations 2001 (as amended).

Regard has been had to –

- a) Section 2, 3 and 4 of the Planning and Development Act 2000 (as amended)

- b) Section 4 (1)(h) of the Planning and Development Act 2000 (as amended)
- c) The plans & particulars submitted with the application received on 8th July 2025.

It is therefore considered that the said works are development and are not exempted development under Part 1, Class 1 of Schedule 2 of the Planning and Development Regulations 2001 (as amended).

2) Proposed single storey rear extension

The proposed single storey extension to rear of the dwelling is considered to be within the scope of Part 1, Class 1 of Schedule 2 of the Planning and Development Regulations 2001 (as amended).

Regard has been had to –

- a) Section 2, 3 and 4 of the Planning and Development Act 2000 (as amended)
- b) Part 1, Class 1 of Schedule 2 of the Planning and Development Regulations 2001 (as amended)
- c) The plans & particulars submitted with the application received on 8th July 2025.

It is therefore considered that the said works are development and are exempted development under Part 1, Class 1 of Schedule 2 of the Planning and Development Regulations 2001 (as amended).
