# Road Traffic Notice: R505

## Toomaline Road Doon

Road Traffic Notice will be in place on the R505 Toomaline Road between 9.00am to 4pm from Monday 20<sup>th</sup> October to Friday 7<sup>th</sup> of November 2025.

[Click here to view the Road the Road Traffic Notice R505 Toomaline Road Doon](#)

The work that is taking place is part of the Section 38 R505 Doon Footpath Improvement works Active Travel Scheme which includes the following:

- Installation of a new 2 metre wide footpath from **Doon** towards **Cappawhite**.
- Install new drop kerbs.
- Install new drainage works.
- Install new road markings.
- Upgrade of existing public lighting.

# Limerick's Master Plan for Walking

## **WE NEED YOUR HELP!**

Limerick City and County Council is developing a Master Plan for Walking – and we want your help! We're working to make walking and wheeling in Limerick easier, safer, and more inclusive for everyone. Join us for a drop-in session in Citizen Innovation Lab and help us develop a Master Plan for Walking.

## **HOW YOU CAN HELP**

- Tell us about the places on your regular routes that need improvement.
- Show us the pain points or missing links that make walking or wheeling less safe or comfortable.

## **WITH YOUR HELP**

We can better understand how people move through Limerick on their feet and wheels, what issues they meet on the way, and use that insight to inform our Master Plan for Walking.

**WHAT: Master Plan for Walking – Limerick (Drop-in workshop)**

**WHEN: Thursday, 13th November, 12:00 – 20:00**

**WHERE: Citizen Innovation Lab, Sarsfield Street, Limerick (V94 DW21)**

# Transport & Mobility Staff Session

On Tuesday, 28th October, the Transportation & Mobility Directorate of Limerick City and County Council hosted an informative staff session in the Council Chamber at Merchants Quay, with the option to join online via Microsoft Teams.

Led by **Patricia Liddy, Director of Service**, and her Senior Management Team, the event was open to all staff and offered valuable insights into the Directorate's structure, functions, and key initiatives.

It also provided an opportunity for colleagues across the organisation to connect and learn more about the wide range of services delivered by the Directorate.

The agenda featured presentations from Business Improvement, the Mid West National Road Design Office, Transport Strategy, Roads, Traffic & Cleansing, and Active Travel.

The session was well received and highlighted the Directorate's commitment to collaboration, innovation, and service excellence across the Council.

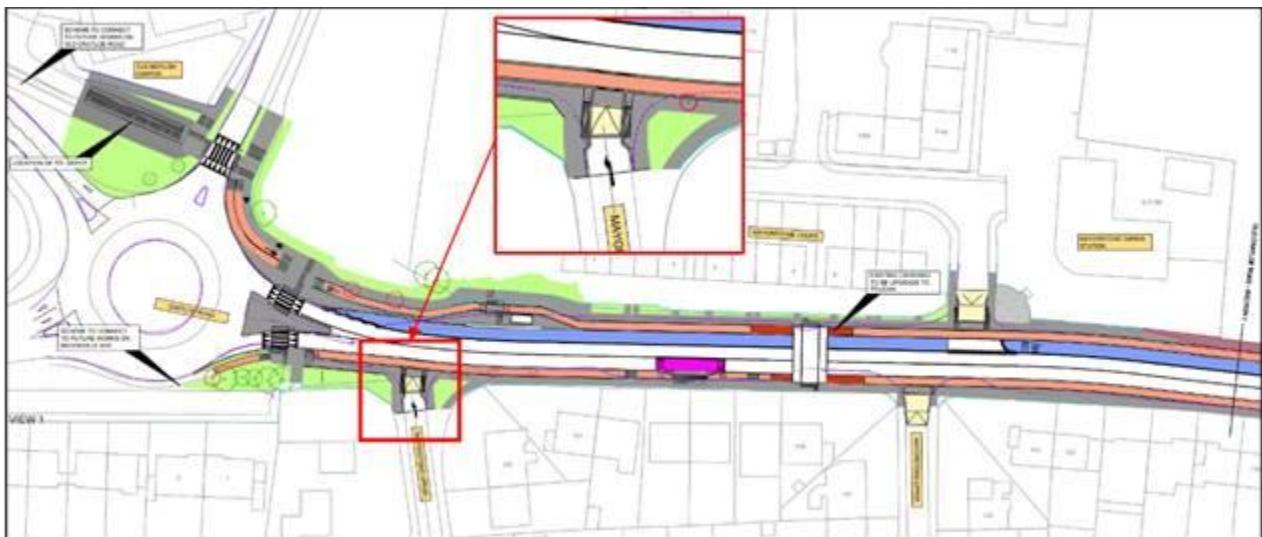

# TUS Moylish to City Centre Scheme

**Works have commenced and will continue at the Southern side of the project off the TUS roundabout heading towards Hassetts Cross the works will include:**

- The stripping of topsoil & demolition of existing footpaths.
- Installation of new ducting, kerbing and pouring new footpaths for pedestrians.
- Installation of new pedestrian crossing, traffic signal poles and furniture at Thomond Park. The crossing will be made live for pedestrians to cross.

**Construction Works have commenced on southern side of Cratloe Road, from Moylish Roundabout in the direction of Hassetts Cross:**

- This section of the works includes the rearrangement of the junction of **Mayorstone Upper** with **Cratloe Road** (junction closest to Moylish Roundabout), to a one-way left out only, as outlined in the Part 8 Planning Layout Drawing below:

# TUS Moylish to City Centre Scheme

**Works are scheduled to commence this week at Bellfield Gardens down by the Maternity Hospital the works will include:**

- The demolition of existing footpaths.
- Installation of new pedestrian crossings, new kerbing, footpaths, cycle lane and paving throughout section.
- New bus shelter recently installed will be in operation to the public off the roundabout from TUS.

**Note: Two way traffic will be maintained, apart for very short intervals where plant & material will be going into the works area via the site access points, flagmen will be present during these operations.**

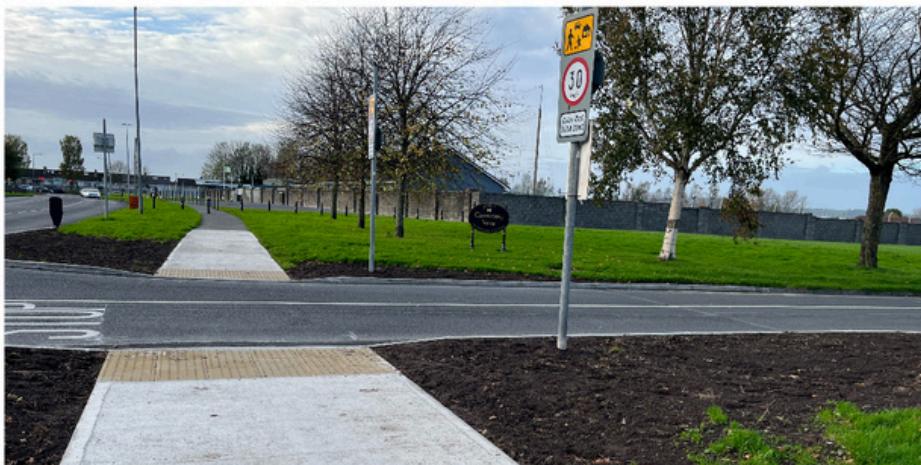

# **Bloodmill Road, Windsor Court and Castletroy View Scheme**

Improvement works at **Bloodmill Road** and **Castletroy View** include kerb realignment, footpath widening, new tactile paving, landscaping adjustments, removal of bollards, and updated road markings on **Windsor Court**.

The project also upgrades the existing pedestrian crossing on Bloodmill Road to a raised zebra crossing with improved drainage, enhancing safety and slowing traffic in the area.

All main works are now complete, with only minor snagging items remaining.

# Pedestrian/Cycling Permeability Link

## Childers Road to St. Brigid's School Scheme

These works **are in addition** to the recently advertised Section 38 works at Granville Park (see link below)

Current works include:

- Realignment of the boundary fence and installation of a new gated entrance from Childers Road.
- Construction of a new shared footpath/cyclepath connecting **Childers Road** to **St. Brigid's National School** grounds.
- Associated kerbing, tactile and corduroy paving, and landscaping works.

[Click here to view the Section 38 for Proposed Works on Granville Park \(L-10207\) Bloodmill Road, Limerick City](#)

# Corbally Road Safe Routes to School

## Scheme Update

The appointed contractors, Shareridge, have commenced preliminary site activities, including exploratory works on the existing drainage system and the setup of their site compound.

The proposed development will consist of the following:

- Widening of St. Munchin's Gate to facilitate 2-way traffic.
- 3 New raised pedestrian crossings along Corbally Road.
- Widening and resurfacing of an existing path along the southern side of Corbally road from **Lanahrone Avenue** junction to **Shannon Drive** junction.

[Click here to view the Part 8 Corbally Road R463](#)

# Towns and Villages Schemes

Note: The Active Travel team are tasked with providing new and upgraded pedestrian infrastructure across Limerick City & County Council's Metropolitan and Municipal districts.

The following works are now completed in **Strand, Co. Limerick**.

The works included the following:

- Construction of 587 m<sup>2</sup> of concrete footpaths have been completed, covering a total length of 310 metres.
- Installation of 270 metres of electrical duct for public lighting.
- 8 public lights have been installed.
- 42 metres of drainage pipe and 5 gullies.

During construction

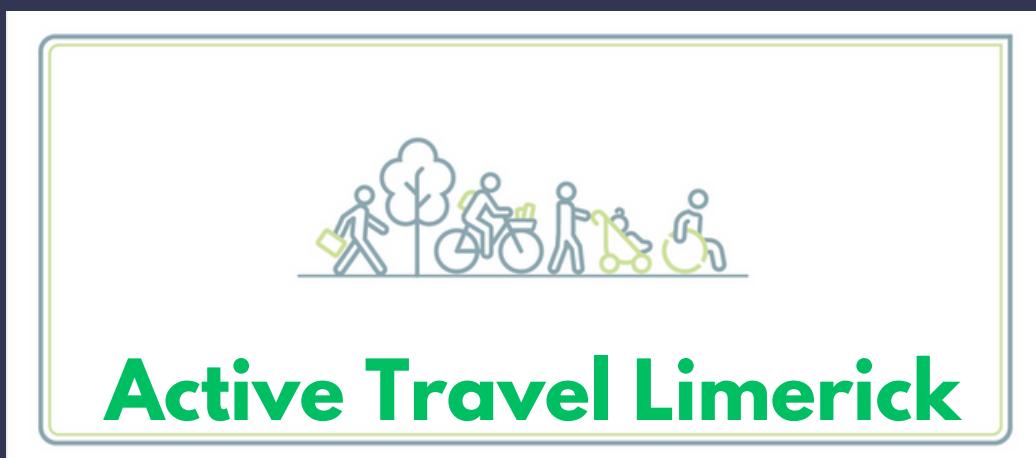

During construction

We extend our sincere gratitude to our colleagues in the **Newcastle West Operations team of the District Roads Area** for their work in completing these schemes.
