Location of Proposed development (Please include **EIRCODE**):

26 Abbeylock, Corbally, Limerick, V94 AP5F

Description of Proposed development:

The proposed development consists of the construction of a single-storey rear extension to the existing dwelling. The extension will measure approximately 5m X 5.4m 27.5m<sup>2</sup>. and will be used to provide a bedroom and bathroom for the elderly. The extension will be constructed using materials that match the existing dwelling, including rendered block walls.

The development will be located entirely to the rear of the property, and will not reduce the amount of private open space below the required minimum of 25 m<sup>2</sup>.

No part of the extension will be forward of the front wall of the house, and the works will not involve any alterations to the front elevation.

**1.0 Description of Site and Surroundings:**

The application site is a two storey semi-detached dwellinghouse located in an established residential estate called Abbeylock within Corbally.

**2.0 Proposal:**

This is an application requesting a Section 5 Declaration on whether the following works are or are not development or are or not exempted development:

- Single storey rear extension to the existing dwelling measuring 27.5sqm.

This Section 5 declaration includes the following:

- Application Form
- Site location map
- Site layout plan
- Plans
- Elevations
- Sections

## **5.0 Assessment**

Consideration as to whether a development constitutes exempted development or not is governed by Sections 4 and 5 of the Planning and Development Act 2000 (as amended) and Articles 5, 6, 7, 8, 9, 10 and 11 of the Planning and Development Regulations 2001 (as amended).

### **5.1 Is the proposal development?**

**Section 2(1)** in this Act, except where otherwise requires –

‘works’ includes any act or operation of construction, excavation, demolition, extension, alteration, repair or renewal.

‘**structure**’ as any building, structure, excavation, or other thing constructed or made on, in or under any land, or part of a structure so defined, and –

(a) Where the context so admits, includes the land on, in or under which the structure is situated.

**Section 3(1)** defines ‘**development**’ as ‘the carrying out of any works on, in, over or under land or the making of any material change in the use of any structures or other land’.

The proposed development on site, comprising single storey rear extension to the existing dwelling measuring 27.5sqm constitutes ‘works’ and ‘development’.

### **5.2 Is the proposal exempted development?**

The proposed development will be assessed under Class 1 of Part 1 of Schedule 2 of the Planning and Development Regulations 2001 (as amended).

*Is the development within the curtilage of a house?*

Yes, the extension is to the rear of the house and within the curtilage. However, the drawings submitted are not accurate following a site inspection. The site layout plan does not annotate the existing structure located in the rear garden and it is unclear how the proposed development would be constructed. Furthermore, the drawings submitted are not to scale.

Class 1

The extension of a house, by the construction or erection of an extension (including a conservatory) to the rear of the house or by the conversion for use as part of the house of any garage, store, shed or other similar structure attached to the rear or to the side of the house is considered Exempted Development, subject to the following Conditions and Limitations:

*1. (a) Where the house has not been extended previously, the floor area of any such extension shall not exceed 40 square metres.*

The house has not been extended previously however there is an existing structure situated to the rear of the property which the applicant has advised will be removed. Further information will be requested demonstrating proof that this structure has been removed prior to issuing a determination on the proposed development.

*(b) Subject to paragraph (a), where the house is terraced or semi-detached, the floor area of any extension above ground level shall not exceed 12 square metres.*

No development proposed above ground.

*(c) Subject to paragraph (a), where the house is detached, the floor area of any extension above ground level shall not exceed 20 square metres.*

N/A house is not detached

*2. (a) Where the house has been extended previously, the floor area of any such extension, taken together with the floor area of any previous extension or extensions constructed or erected after 1 October 1964, including those for which planning permission has been obtained, shall not exceed 40 square metres.*

House has not been extended previously however there is an existing structure situated to the rear of the property which the applicant has stated will be removed. Further information will be requested.

*(b) Subject to paragraph (a), where the house is terraced or semi-detached and has been extended previously, the floor area of any extension above ground level taken together with the floor area of any previous extension or extensions above ground level constructed or erected after 1 October 1964, including those for which planning permission has been obtained, shall not exceed 12 square metres.*

N/A no works proposed above ground floor.

*(c) Subject to paragraph (a), where the house is detached and has been extended previously, the floor area of any extension above ground level, taken together with the floor area of any previous extension or extensions above ground level constructed or erected after 1 October 1964, including those for which planning permission has been obtained, shall not exceed 20 square metres.*

N/A no works proposed above ground floor.

*3. Any above ground floor extension shall be a distance of not less than 2 metres from any party boundary.*

N/A no works proposed above ground floor.

*4. (a) Where the rear wall of the house does not include a gable, the height of the walls of any such extension shall not exceed the height of the rear wall of the house.*

Rear wall does not include a gable. Height of extension would not exceed the height of the rear wall of the house.

*(b) Where the rear wall of the house includes a gable, the height of the walls of any such extension shall not exceed the height of the side walls of the house.*

N/A

*(c) The height of the highest part of the roof of any such extension shall not exceed, in the case of a flat roofed extension, the height of the eaves or parapet, as may be appropriate,*

*or, in any other case, shall not exceed the height of the highest part of the roof of the dwelling.*

Height would not exceed height of eaves or parapet or height of highest part of the roof of the dwelling.

*5. The construction or erection of any such extension to the rear of the house shall not reduce the area of private open space, reserved exclusively for the use of the occupants of the house, to the rear of the house to less than 25 square metres.*

It is stated that more than 25sqm of private open space would remain.

*6. (a) Any window proposed at ground level in any such extension shall not be less than 1 metre from the boundary it faces.*

A window is proposed, 968m from the eastern boundary. The proposal does not comply.

*(b) Any window proposed above ground level in any such extension shall not be less than 11 metres from the boundary it faces.*

N/A no above ground floor extension

*(c) Where the house is detached and the floor area of the extension above ground level exceeds 12 square metres, any window proposed at above ground level shall not be less than 11 metres from the boundary it faces.*

N/A

*7. The roof of any extension shall not be used as a balcony or roof garden.*

The submitted plans do not show a balcony or roof garden.

## **6.0 Article 9 Restrictions**

The proposed development is not restricted by any of the restrictions in Article 9 of the Planning and Development Regulations 2001 (as amended).

## **7.0 Appropriate Assessment**

Having regard to the nature and scale of the proposed development and the absence of proximity or connectivity to a Natura 2000 European Site, no Appropriate Assessment issues arise and it is not considered that the proposed development would be likely to have a significant effect individually or in combination with other plans or projects, on a European Site. An appropriate assessment screening report and determination is attached to this report.

## **8.0 Environmental Impact Assessment**

Having regard to the nature, size and location of the proposed development and to the criteria set out in Schedule 7 of the Regulations it has been concluded at preliminary examination that

there is no real likelihood of significant effects on the environment arising from the proposed development. EIA, therefore, is not required.

### **9.0 Recommendation/Conclusion**

The proposed development detailed on the application and plans submitted is considered not to be within the scope of Class 1 of Part 1 of Schedule 2 of the Planning and Development Regulations 2001 (as amended). Furthermore, the drawings submitted show that

Regard has been had to –

- (a) Section 2, 3 and 4 of the Planning and Development Act 2000 (as amended)
- (b) Class 1 of Part 1 of Schedule 2 of the Planning and Development Regulations 2001 (as amended)
- (c) The plans & particulars submitted with the application received on 05<sup>th</sup> of September 2025.

It is therefore considered that the said works are development and not exempted development under Class 1 of the Planning and Development Regulations 2001 (as amended) and the Planning and Development Act 2000 (as amended).
